FACTBOOK 2018

ACCO fastening devices and business essentials help organize all types of workspaces, from cubicles to classrooms. Every little detail leads to success, which is why we believe that even small products can make a big impression.

From classrooms and conference rooms to factory floors, wherever your presentations take you, Apollo has the right projector for the job. Count on these quality projectors, transparency films and accessories to deliver crisp presentations every time. If it needs to be seen, it needs Apollo.

Best known for their innovative laminators and supplies, GBC has been a world leader in products that help present, protect, secure, organize and enhance printed materials for 70 years. GBC's products help professionals laminate, bind and customize documents with ease.

A leader in desktop and mobile device accessories, trusted by organizations around the world for nearly 35 years. Kensington products empower people to be more productive and create content at the highest levels. In both desktop and mobile environments, Kensington's extensive lineup of award-winning products provide trusted security, desktop productivity innovations, and ergonomic well-being. Our core competencies in engineering, industrial design, product quality, and responsive tech support make Kensington The Professionals' Choice™.

The performance leader in every sector we operate in, Leitz delivers a unique combination of innovation and contemporary or formal design with superb engineering and quality. Products are well made and durable.

Great ideas start here. Quartet lets you communicate and collaborate on big ideas with their executive-style bulletin boards, whiteboards and other innovative presentation products. Add Quartet boards to conference rooms, classrooms and personal workspaces to spark productivity and turn your thoughts into actions.

Rapid combines technological excellence with striking ergonomic design. It is aimed at the customer who wants efficiency and results, time after time. Rapid products have a unique, sometimes quirky, style - combining elegant simplicity with a distinct Swedish heritage.

For nearly 95 years, Swingline has been an iconic brand in the workspace tools industry. To this day, they continue to introduce innovative new staplers, shredders, paper punches, trimmers and more— all to solve today's most common workplace frustrations and increase productivity around the world.

Swingline, the trusted name in staplers and other fine office products, and GBC, the global leader in binding and laminating, have joined together to bring cutting-edge office products to educators, families and office and print professionals everywhere.

Wilson Jones has been trusted for over 100 years to bring style, quality and continual innovation to its wide variety of binders and presentation supplies. Their one-of-a-kind, informative packaging and comprehensive web tools make it easier than ever for consumers to choose the right products for presentations, document storing and personal organizing projects.

Xyron develops innovative products that allow end users to be more efficient with their time, supplies and space. Xyron is your go-to destination for adhesive, lamination and creative tools, offering a complete array of high-quality products that appeal to the creative professional, crafter, teacher and mom. With Xyron, professional results and creative expression have never been easier.

We are here to serve you.

Our knowledgeable, experienced representatives are eager to help. Please call us with any questions.

POLICY INFORMATION

Please Order by Stock Number

Within each table, products are listed by their stock numbers and other identifying details. All items are assigned UPC numbers; however, all items/packaging do not bear the actual UPC bar code symbol.

Ordering Quantities

All merchandise is to be ordered and shipped in case quantities except where noted. Case dimensions are available upon request.

Sales Policy

ACCO Brands markets products to home and office end users via distributors.

Claims

Carefully inspect and count all shipments upon receipt. Claims for shortages must be made to our Customer Service Department within ten (10) business days.

Prices

All prices shown in the FactBook are suggested retail prices. Prices and specifications are subject to change without notice.

All prices are set forth in current price lists. All orders will be billed at the prevailing price at time of shipment.

Design

The designs shown in our catalog and described in our FactBook are, and remain, the property of ACCO Brands. We reserve the right to make changes in design and materials, as well as the right to discontinue parts and units where such action is deemed to be an improvement in design, function and/or construction.

Returned Merchandise

ACCO Brands will not accept merchandise returned without prior written consent, through issuance of a numbered Returned Material Authorization (RMA). To obtain your authorization number contact our Customer Service Department at 1-800-541-0094. Please itemize merchandise, quantity and reason for return, provide related Purchase Order number or invoice number, contact name, phone number and fax number.

Returns not shipped prepaid and without our numbered Returned Material Authorization will not be accepted.

All returns must be in standard case lots only (no broken cases). No return authorization will be granted after 120 days following date of invoice. A handling/restocking charge of up to 25% of net merchandise will be charged, except when caused by an ACCO Brands error.

When choosing a stapler, consider where and by whom it will be used.

FREQUENT USERS

should consider reduced effort models for easy operation

SHARED OR HIGH VOLUME

environments benefit from electric models

THICK STACKS OR HIGH CAPACITY

jobs require a heavy duty, high performance stapler

Every Day
Reduced
Effort
Manual
Staplers

The ultimate in ease and simplicity for every day stapling tasks; up to 50% less effort than traditional staplers. Great for frequent use.

Capacity: Range from 2 to 40 sheets

Consider this when choosing:

- Easier to use than standard staplers
- Jam Free operation

Manual/
Grip
Staplers

Durable traditional operation for every day work, home, school or small office needs.

Capacity: Range from 2 to 25 sheets

Consider this when choosing:

- Traditional metal desk models provide long-term performance
- Flat clinch stapling option for flatter stacking

Electric
Staplers

Great for effortless stapling every day or for use in shared environments.

Capacity: Range from 2 to 45 sheets

Consider this when choosing:

- Manual and/or automatic stapling activation
- Jam Free operation

Heavy
Duty
Staplers

Perfect for shared workspace or high capacity use.

Capacity: Range from 2 to 210 sheets

Consider this when choosing:

- Paper adjustment guides for precise stapling location
- Up to 50% less effort with low force models
- Flat clinch stapling option for flatter stacking

Don't Forget the Staples and Removers

If your stapler jams frequently, you might be using the wrong staples. Be sure to purchase the correct staples by following the manufacturer's recommendations for staple selection.

Swingline® 747® Rio Red Stapler, 25 Sheets, Red

Owners of the iconic, legendary red Swingline stapler staple with pride and confidence. The metal stapler is durable, noticeable and efficient. It has earned the title of America's #1 desktop stapler because it provides outstanding stapling performance time after time.

Swingline® Commercial Desk Stapler Value Pack, 20 Sheet Stapler, S.F.® 4® Premium Staples, Staple Remover

This convenient value pack comes with all the essentials to meet your business's heavy stapling needs. The desk stapler and premium staples deliver reliably stress-free stapling in busy environments, while the slim remover is easy to keep handy for quick staple removing.

- Value pack includes Commercial Desk Stapler, S.F.® 4® Premium Staples and Ultimate Staple Remover
- Stapler has a specialized inner rail that reduces risk of jams and can staple up to 20 sheets at a time
- Features a durable metal construction that's designed for quality stapling from a desktop. Also includes a positive locking latch that makes sure staples are in proper position for use.
- Stapler opens for tacking to post papers to a bulletin board or other vertical surfaces. Anvil also rotates for a pinning function to create temporary staples.
- Low staple indicator on side of magazine makes it easy to identify when staples run out. Full size stapler holds a full strip of 210 staples.
- S.F.® 4® Staples have a chisel point to easily pierce through papers, reducing the risk of jams. Standard 1/4" leg length is ideal for most staple jobs.
- Staples come in strips of 210 to fit perfectly into full size staplers. Includes 5000 staples in a reusable box for neat storage.
- Retractable blade style Ultimate Staple Remover features a slim, easy to use design for stress-free staple removing.
- Remover's built in magnet easily picks up discarded staples to keep your workspace clean
- Stapler comes in black and includes a limited lifetime warranty. Remover is black and comes with a limited 1 year warranty.

Swingline® Legacy #27 Staplers

Catch the eye of your co-workers with one of these retro staplers. Modeled after one of our all-time favorites, the Swingline #27 stapler from the 1970's, this version features durable metal construction and cool colors.

- Retro design offers aesthetic appeal. Inspired by the classic Swingline #27 stapler.
- Durable metal construction ensures long-lasting performance
- Staples up to 20 sheets at a time. Easily opens for tacking to post papers to bulletin boards and more. Reversible anvil makes standard or temporary pin staples.
- Full size magazine with nose plate for stability holds a full strip of 210 staples. Rubber feet on stapler base prevent slipping during desktop use.
- Vintage color choices. Limited lifetime warranty.

Swingline® Optima® 40 Compact Stapler, Low Force, 40 Sheets, Black/Silver

This compact stapler delivers powerful stapling performance with the benefit of low force operation and a cushion grip for easy, comfortable handheld use. It is sized to fit perfectly in the palm of your hand, feels sturdy, and firmly clinches to securely fasten up to 40 sheets at once.

- Compact version of the Optima® 40 surpasses the typical use of a convenient handheld stapler to meet high capacity stapling needs, and is Jam Free Guaranteed
- Low force, powerful 40 sheet stapling capacity makes this stapler an ideal choice for any office desktop
- Durable metal construction ensures long lasting use
- Flat clinch stapling operation forms staples flat on the back of the bottom sheet so that many stapled items can be neatly stacked without toppling over
- Standard top-loading magazine holds a half strip of staples and is easy to refill
- Stapler performs best when used with Swingline Optima™ Premium Staples or S.F.® 3 Premium Staples
- Black/Silver
- Limited lifetime warranty & 100% Performance Guarantee

Electric Staplers

Swingline® Speed Pro™ 25 Electric Stapler Value Pack, 25 Sheet Stapler, 5,000 S.F.® 4® Premium Staples, Staple Remover

This 3 piece value pack comes with everything you need for fast, electric stapling. The Speed Pro™ 25 Electric Stapler staples 3X faster than other standard electric staplers and has several user-friendly features. The value pack includes staples and a staple remover so you can get started right away.

- Value pack includes Speed Pro™ 25 Electric Stapler, S.F.® 4® Premium Staples and Ultimate Staple Remover
- Fast, simple electric stapling--Speed Pro™ is 3X faster than standard electric staplers. Quick, 1-step stapling process reduces the risk of jams.
- Staples up to 25 sheets at once with Swingline® Standard Staples or S.F.® 4® Premium Staples
- Low staple indicator makes it easy to see when staples run out
- QuickLoad™ front staple magazine quickly ejects with the press of a button. Suction cups on base keep stapler firmly in place during use.
- Included staples easily pierce through papers, reducing the risk of jams. Standard 1/4" leg length is ideal for most staple jobs.
- Staples come in strips of 210 staplers. Includes 5000 staples in a reusable box for neat storage.
- Retractable blade style Ultimate Staple Remover features a slim, easy to use design for stress-free staple removing
- Remover's built in magnet easily picks up discarded staples to keep your workspace clean
- Stapler is black and includes a 7 year warranty. Staple remover is black and comes with a limited 1 year warranty.

Swingline® Optima® 70 Electric Stapler, 70 Sheets, Silver

Quiet yet powerful, the heavy duty Optima® 70 can staple as few as 2 sheets or as many as 70 sheets with the same type of staple. This electric model with both automatic and manual operation always delivers Jam Free stapling.

- Fast and quiet, this electric stapler is Jam Free Guaranteed and not disruptive in the office
- Staples up to 70 sheets at once with Optima™ High Capacity Staples
- Features a user control switch - choose automatic stapling or use the manual mode to activate the motor on your command
- Flat clinch stapling forms staples flat on the back of your paper so stacks of stapled documents stay neat and do not topple over
- Includes an adjustable depth guide for accurate positioning. Stack height gauge ensures your paper stack doesn't exceed the maximum sheet count.
- Interior light highlights where staple will be placed on your paper and size guides help you place staple horizontal, vertical or at a 45 degree angle
- Low staple indicator light blinks to alert you when staples are running low. Spare staple drawer provides convenient storage and opens easily with one touch.
- Refill faster with QuickLoad™ - just press a button and front loading staple magazine ejects. Starter pack of 500 Optima High Capacity staples included.
- Limited 7 year warranty & 100% Performance Guarantee

Swingline® Optima® 45 Electric Stapler Value Pack, 45 Sheet Stapler, High Capacity Staples, Staple Remover

This value pack comes with everything needed to introduce quick and effortless stapling to your workplace. Able to handle twice the amount of sheets than other electric staplers, the Optima 45 Stapler ensures that large jobs are stapled with ease. The included staples reduce the risk of frustrating jams, while the remover is easy to keep handy for quick staple removing.

- Value pack includes the Optima 45 Electric Stapler, Optima High Capacity Staples and staple remover
- Electric stapler quietly staples up to 45 sheets at once—2X the capacity of standard electric staplers
- QuickLoad™ feature allows front staple magazine to eject quickly and easily with the press of a button. Plus, low staple indicator alerts you when staples are running out.
- Adjustable depth guide ensures accurate staple positioning while stack height gauge makes sure your papers don't exceed the maximum sheet count
- One-touch easy open storage drawer keeps spare staples handy
- Included staples easily pierce through papers, reducing the risk of jams. 3/8" staple leg length is ideal for bigger jobs.
- Retractable metal blade staple remover features a slim, easy to use design for stress-free staple removing
- Remover's built in magnet easily picks up discarded staples to keep your workspace clean
- To reduce the risk of jams use the Optima 45 stapler exclusively with Swingline® Optima™ High Capacity Staples (S7035550)
- Limited 7 year warranty & 100% Performance Guarantee

Remember, many stapling problems are caused by substandard staples and not necessarily the stapler. Always use the best staples for professional results.

Why Swingline S.F.® 3 or S.F.® 4® Premium Staples?

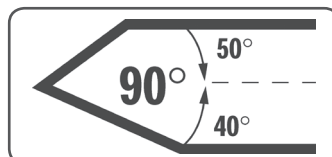

Unique Chisel Points

75% fewer misformed staples

Only precision-made Swingline chisel point staples consistently provide symmetrical beveled staple points. They are 15-20% sharper than other chisel points for easier paper penetration.

Swingline "chisel" point

Other "chisel" points

Premium Performance

Premium quality staples mean fewer misforms and jams. Maximizes stapling experience for consumer.

Swingline® S.F.® 3 Premium Staples

Premium S.F.® 3 Staples are specifically designed for use with compact staplers. Each staple strip is perfectly sized to deliver ease of use and top quality stapling performance.

- Precision engineered chisel point pierces paper cleanly without jamming
- 75% fewer misforms than comparable staples
- Standard 1/4" leg length
- 105 staples per strip, for use with compact/half strip staplers
- Staples come in a reusable storage box

Choosing the Right Shredder

STEP 1: NUMBER OF USERS & USER GROUP

1-5

SMALL / HOME OFFICE

5-20

MEDIUM OFFICE

20+

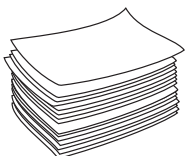

LARGE OFFICE

STEP 2: SECURITY LEVEL & CUT STYLE

						
SECURITY LEVEL:	P-2 BASIC	P-3 GENERAL	P-4 CONFIDENTIAL	P-5 HIGH	P-6 ULTRA HIGH	P-7 TOP SECRET
CUT TYPE:	STRIP-CUT	CROSS-CUT	SUPER CROSS-CUT	MICRO-CUT	SUPER MICRO-CUT	HIGH SECURITY
USE FOR:	Day to day junk mail and paperwork containing expired or non-sensitive information.	Day to day paperwork, emails or reports containing non-sensitive personal information.	Business documents containing proprietary information and/or sensitive personal information.	Confidential business documents with financial, strategic and/or sensitive, personal information.	Highly sensitive information containing financial, legal, military and proprietary information.	Top secret government and military documents.
SHREDS PER 8.5" x 11" SHEET*:	40	200	400	2,000	6,000	15,600
<small>*approximate number</small>						

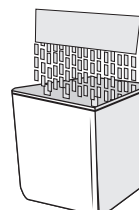

STEP 3: SHEET & WASTE BIN CAPACITY

Consider larger sheet and bin capacities for multiple users or users who regularly shred high volumes.

SHEET CAPACITY

Sheets of 8.5" x 11", 20 lb. bond paper the shredder can shred at a time.

WASTE BIN CAPACITY

Amount of shredded material the shredder can hold before it needs to be emptied.

AVAILABLE FEATURES

EXCLUSIVE TECHNOLOGY

SMARTTECH™
SmarTech™ functionality sends real-time shredding status updates to your phone or tablet, freeing you up to do other tasks while the shredder does the work. With the easy-to-use SmarTech Shredder app, you'll be able to monitor shredding jobs for any interruptions as well as get real time notification of completion.

AUTO FEED
Rollers automatically pull sheets from a stack of paper through the cutters.

INTELLIGENT™ AUTO+® JAM CLEARANCE
Reverses and re-feeds stuck papers to clear jams automatically.

INTELLIGENT™ INTERACTIVE JAM CLEARANCE
Guides users by alternatively blinking the forward and reverse LED lights, signaling which button to press and when to fully clear a jam.

JAM STOPPER®
Detects shredder jams and automatically reverses excess papers.

JAM PREVENTION INDICATOR
Patented technology works constantly to prevent jams in the manual slot before they happen. Red and green LED lights indicate if you are exceeding or within capacity.

4-DIGIT PIN LOCK
User enters a PIN code to lock the paper chamber during shredding. It can not be opened until same code is entered or shredding is complete.

ENHANCED PERFORMANCE

SELF OILING CUTTERS
Extends shredder life and helps maintain peak performance by automatically lubricating the cutters.

SELF CLEANING CUTTERS
Helps ensure jam free performance by automatically removing shreds caught in cutters and reducing build-up.

BIN FULL INDICATOR
Icon on shredder interface illuminates when waste bin is full and needs to be emptied.

WIDE WIDTH
Extra wide paper entry facilitates shredding of large format sheets.

USER-FRIENDLY SOLUTIONS

2 MINUTE

POWER SAVE
Conserves energy with an automatic power save feature. Machine powers off when not in use and wakes up automatically when paper is inserted.

QUIET OPERATION
Noticeably quiet so you won't disturb others; up to 10 decibels quieter than competitive shredders.

SOUND LEVEL

Refers to the sound level in decibels that the shredder creates when operating. Look for machines with less than 70 decibels for shared environments to minimize noise.

Auto Feed Shredders

Swingline® Stack-and-Shred™ 750X Auto Feed Shredder, SmarTech™ Enabled, Super Cross-Cut, 750 Sheets, 20+ Users

Stack-and-Shred™ shredder with SmarTech™ revolutionizes office shredding. This auto feed shredder sends real-time status updates straight to your phone or tablet, freeing you up to do other tasks while the 750X does the work. With the easy-to-use SmarTech Shredder app, you'll be able to keep track of shredding with notifications if the shredding job is interrupted for any reason, and when shredding is completed.

- Time-saving shredder with SmarTech™ lets you shred faster than ever – just stack, shut and walk away with peace of mind that your job will be completed
- SmarTech™ functionality sends real-time shredding status updates to your phone via the Smartech Shredder App. Notifications include “Shredding”, “Paper Jam”, “Job Complete” and more.
- Features easy setup with no IT required; simply download the app from iTunes or the Google Play Store and pair your device
- Administrators can manage multiple shredders at once. Real time status updates indicate if shredders are jammed, bins are full, or oil is low. The app also allows for quick reordering of supplies to simplify maintenance.
- Super cross-cut shred style has added security (Level P-4) for sensitive documents. PIN protected lockable paper chamber keeps documents secure while jobs are in progress.
- Shreds up to 750 sheets with automatic shredding and up to 12 sheets at a time during manual feed shredding
- Features a large, 31-gallon pull-out waste bin with bin full indicator and attached wheels for easy mobility
- Ultra quiet (≤60dB) shredder runs consecutively for 30 minutes on with 30 minutes off to ensure motor’s longevity
- Includes user-friendly, Intelligent features like Auto+ Jam Clearance, Self-Cleaning Cutters and Power Save for virtually effortless shredding
- Auto shreds documents, paper clips and staples; manually shreds credit cards, DVDs and CDs. 2 year warranty on machine, 15 year warranty on cutters. 21"L x 20"W x 37.5"H.

Swingline® Shredder Oil, 16 oz., 473 ml Bottle

Shredder oil lubricates the cutters inside your shredder to maintain peak shredding performance.

- Shredder oil extends the life of cutters by keeping them well lubricated
- Swingline® oil is a high-performance synthetic oil that will not cause build-up on any shredder parts
- Oil reduces torque allowing cutters to move easily. This reduces the risk of paper jams.
- Compatible with all Swingline shredder models as well as shredders made by other manufacturers
- Use on standard shredders by pouring a few streaks of oil onto a sheet of paper and running the oiled sheet through the shredder
- Use on Swingline Jam Free and Stack-and-Shred™ shredders with a Intelligent SelfOil™ feature by pouring oil into the shredder's designated oil reservoir
- 16 oz. (473 ml) bottle

Swingline® 21 Gallon Recyclable Paper Shredder Bags, For Stack-and-Shred™ 500X, 500M, 600X and 600M Auto Feed Shredders, 5/Pack

Shredding 500 sheets at a time results in a lot of shreds that need to be tossed. By using a paper bag in the 21-gallon waste bin, you can recycle both the shreds and the bag at the same time.

- 100% recyclable paper bags are made with 80% recycled content
- Compatible with 21-gallon shredder waste bins
- Recommended for Stack-and-Shred™ 500X/500M and 600X/600M Auto Feed Shredders
- 5 bags per pack

- No Mistakes – ensure perfect document placement

Thermal Lamination Supplies

Swingline™ GBC® EZUse™ Thermal Laminating Pouches

EZUse™ pouches are the easiest to use thermal laminating pouches ever, providing outstanding lamination accuracy and UV protection. The helpful EZUse alignment guides, mil thickness icon and directional arrow on every pouch simplify the laminating process.

- Thermal lamination pouch includes visible EZUse™ features that magically disappear after lamination
- Alignment guides make centering documents easy
- Mil icons clearly identify pouch thickness to help you select best laminator settings
- Directional arrows indicate which edge of pouch should be loaded into laminator first
- UV protection prevents fading and discoloration over time
- Letter Speed Format available with seal on the long edge for the fastest lamination
- Multiple sizes, mil thicknesses and pack quantities available

GBC® Ultima® 65 Thermal Roll Laminator, 27" Max. Width, 10 Min Warm-up

The new Ultima® 65 revolutionizes laminating for educators. Conveniently compatible with both EZload® film and standard film, this laminator uses AutoGrip shafts and an innovative pivoting feed table to make film loading easier than ever before. Included AutoSpeed and other user-friendly features simplify laminating for users, making this laminator the perfect choice for common classroom laminating jobs, like posters, flash cards, maps and more.

- EZload® technology uses color coded end caps to take the guesswork out of film loading and eliminates the hassle of putting film on complicated film shafts
- Pivoting feed table eliminates the need to remove the table when replacing film, further simplifying the film changing process
- AutoGrip shafts make removing and adding standard film easier than ever
- Maximum document width of 27" is perfect size for laminating classroom charts, certificates, artwork and more. Accepts standard GBC® NAP-Lam® I film or Gray End Cap EZload® film up to 3 mil thick.
- One-touch AutoSpeed automatically adjusts the laminating speed for you, ensuring quality lamination on every project
- Additional stop button on the back of the laminator allows you to stop the machine while watching the job's output
- Built-in trimmer eliminates the need for scissors and footage counter lets you quickly tell how much of the roll remains to track film usage
- Slow forward and reverse functions work while the machine is open to easily clear jams and ensure worry-free laminating
- Visual ready alert light lets you know when the machine's 10 minute warm-up is complete. Safety features include attached protective shield, auto standby mode after 2 hours without use and auto shut off after 3 hours without use.
- Laminator comes with a limited 90-day warranty. 21"L x 35"W x 14"H.

GBC® SelfSeal™ NoMistakes™ Peel-n-Stick Adhesive Back Laminating Pouch, Letter Size, 8 Mil, 5 Pack

Peel-n-stick laminating pouch with adhesive backing is perfect for signs. Pouches can be re-opened for up to 24 hours after the initial seal to reposition your item within the pouch and smooth out bubbles and wrinkles. After 24 hours, the laminating pouch seal becomes permanent to provide durable protection. You can then stick the finished product up on the wall for all to see, without any worry of damage.

- Laminate items without a machine - just peel and seal the pouch. Plus, adhesive backing allows finished product to stick to wall - just peel and stick!
- Pouch has a temporary seal for 24 hours to allow adjustments. After 24 hours, seal becomes permanent.
- Use to laminate letter size documents (11 9/16" x 9 1/16" pouch dimensions)**
- 8 mil is great for signs - laminated documents are rather rigid and very durable
- 5 pouches per pack**

Select a trimmer to match your needs

Choosing the Right Trimmer

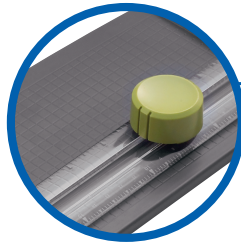

ROTARY

- Enclosed blade operation
- Replaceable blade
- Precision cuts
- Specialty effects
- Medium-high capacity

GUILLOTINE

- Traditional cutting
- Self sharpening blade
- High capacity

FIXED BLADE

- Lightweight
- Portable
- Contained blade

Environment

Shared workspaces – Moderate to frequent usage

Look for:

- Durable, heavy duty construction
- Solid wood base
- Highest sheet capacity
- Largest cutting surface

Personal – Occasional to moderate usage

Consider:

- Plastic or wood construction
- Sheet capacity and use
- Single or multiple cutting styles

Portable – Occasional and on-the-go usage

Choose:

- Lightweight options
- Smaller models

Guillotine Trimmers

Swingline® Infinity™ ClassicCut® CL420 Acrylic Guillotine Trimmer, 18" Cut Length, 25 Sheet Capacity, Clear

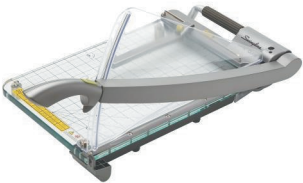

Swingline® sets the standard in stylish office supplies with the new Infinity™ ClassicCut® Acrylic trimmer. Guillotine style trimmer is crystal clear in color, resembling glass, and has a red laser light to illuminate the cutting line.

- Clear, acrylic trimmer base provides a cutting surface that is both durable and fashionable while guillotine blade makes paper trimming quick and easy
- Battery powered laser illuminates the cutting line for clear, exact trims
- Inch and centimeter marks and paper size guides are printed on the base to help line up paper
- Adjustable back stop holds documents in place for perfect cutting results
- Convenient document clamp keeps papers in place and reduces fanning while cutting
- CL420 model acrylic trimmer has a 18" cutting length
- Cleanly chops through up to 25 sheets at a time to meet the paper trimming needs of the average business
- Guillotine blade is self-sharpening and can lock to prevent accidental blade movement
- Removable, protective cutting shield and carrying handle for safe use and transportation also included
- Limited 10 year warranty

Fixed Blade Trimmers

Swingline® ClassicCut® Compact Guillotine Trimmer, 6" Cut Length, 5 Sheet Capacity

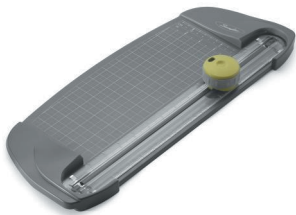

The ClassicCut® Compact Guillotine Trimmer is perfect for small projects like crafts and photo trimming. Its lightweight and compact design deliver high-quality cutting without taking up the space that a traditional trimmer requires. For even more space-saving convenience, this trimmer also features a built-in storage compartment that lets you keep small items like clips and scrap paper right in its base.

- Trimmer is perfect for quickly and cleanly cutting photos, cards, labels and more
- Compact size makes the trimmer easy to store in a desk drawer or pack in a bag for travel
- Plastic base with non-slip rubber feet is lightweight for easy portability
- Convenient storage compartment inside base is great for holding small items like paper clips, sticky notes and rubber bands to keep them handy during projects
- Cutting arm with guillotine blade swings open and closed to make straight cuts on paper and snaps into closed position to secure arm while not in use
- Alignment grid and inch ruler ensure cuts are always exact
- Guard rail keeps fingers safely away from blade while the trimmer is in use
- 6" cutting length is ideal for small trimming projects, like for crafts, photography and scrapbooking
- Cuts up to 5 sheets at once
- Limited 1 year warranty

Swingline® SmartCut® Dial-A-Blade Trimmer, 3-in-1 Blade, 12" Cut Length, 5 Sheet Capacity

The SmartCut® Dial-A-Blade Trimmer comes with three blades in one easy to use fixed-blade paper cutter. Changing the blades is a breeze. Just twist the 3-in-1 dial to adjust the cut to straight, wave or score, and you're ready to take on any trimming project with ease.

- Trimmer includes three blades, straight, wave and score, in one easy to use tool to meet all your trimming needs
- Straight blade is perfect for making precise cuts on photos and documents
- Wave blade is great for creating wavy cuts for scrapbooking and crafts
- Score blade creates clean fold lines on invitations, place cards and more
- Innovative 3-in-1 dial with clear window blade indicator holds all three blades; simply turn the dial to easily switch blade types
- Plastic base is durable and lightweight to make the trimmer easily portable
- Fixed-blade trimmer conceals blade edges for safer use
- Alignment grid and dual scale ruler ensure cuts are always precise
- 12" cutting length is ideal for most common trimming projects
- Cuts up to 5 sheets at once. Limited 1 year warranty.

How to choose a binder

Presentation solution

A reflection of your work, the binder you choose should complement the contents.

- Customization of outside covers and spine
- Inside pockets for additional hand-outs

Organization solution

Whether this is a binder that goes everywhere with you or something you label and put on your shelf for easy reference, it needs to be something you can comfortably use.

- Back mounted rings for fuss-free spine labeling
- Custom Covers for smarter labeling of contents

Storage Solution

Pick a ring size that can hold the maximum number of sheets you need to place in your binder.

- D-ring for larger holding capacity

Sheet Capacity/Ring Size and Type

Pick a ring size that can hold the maximum number of sheets you need to place in your binder. A D-Ring binder actually holds up to 25% more paper in the same space as the round ring equivalent.

How to choose the right binder

Binder Size	Sheet Capacity					
	Ultra Duty Binders		Heavy Duty Binders		Basic Binders	
	Single Touch D-Ring	Single Touch Round Ring	D-Ring	Round Ring	Basic D-Ring	Basic Round Ring
1/2"	N/A	120	N/A	120	N/A	120
1"	275	220	250	200	225	175
1-1/2"	425	375	400	350	380	330
2"	650	525	550	500	500	450
3"	750	625	660	600	600	550
4"	880	N/A	750	N/A	700	N/A
5"	1050	N/A	950	N/A	900	N/A

Features to look for

- PVC-Free PolyPro: Our polypropylene material is a durable plastic that keeps your binders lasting long and is friendly to the environment.
- View: Customizable covers and spines; ideal for presentations.
- Locking Rings: Designed to hold your documents safely; rings don't gap for easy page turning.
- Extra Durable Hinge: Offers maximum support to the spine, helping to create our strongest cover.

Ultra Duty Binders

Wilson Jones® Ultra Duty D-Ring View Binder with Extra Durable Hinge, 1"

One inch binder holds 275 sheets. Get premium features, a higher sheet capacity, extra pockets and the best durability with Ultra Duty binders. Plus, a crystal clear overlay on the spine and covers make it easy to personalize and label an Ultra Duty binder for grab-and-go use. Ultra Duty combines our best ring with our strongest covers for unmatched ease of use and strength. D-Lock™ rings with a Single-touch trigger keep papers secure yet are so easy to open that you can use just one finger. Ultra Duty covers are made from custom formulated PVC Free polypropylene which lasts up to 10X longer than vinyl and is more eco-friendly.

- Customizable cover and spine simplify binder titling and personalization
- Single-touch trigger opens all 3 rings with just one finger
- 1 inch D-Lock™ rings hold 25% more paper – up to 275 sheet capacity

Organize presentations with dividers

Occasion

Dividers organize thoughts and materials

Presentation – Upgrade to a premium set of table of contents dividers for a presentation to help guide your recipient through your well thought out content. Consider View-Tab® transparent dividers that are both easy to assemble and professional in appearance.

Organization – Make it simple to find what you need. Add dividers to any binder and organize your materials by month, day of the month, alphabetical order or any system that is efficient for you.

Features

Choose features that are meaningful to you and your project

Clear Poly Tabs – Very easy to update when presentations are changed at the last minute.

Leather-like Tabs – Durable and a wonderful addition to any binder holding frequently-referenced materials.

Pre-printed Tabs – Quickly and professionally label all your materials with a system that is consistent in appearance.

Printable Dividers

1. Go to www.wilsonjones.com/templates and type your table of contents.

2. Print tab titles using any paper and printer.

3. Place table of contents behind cover sheet.

4. Insert title sleeve at back of binder.

Wilson Jones® View-Tab® Transparent Dividers

View-Tab® is an innovative kind of tab divider that makes organizing your sheets in a binder quick and easy. Print all your tab titles on one sheet, insert the sheet in the back of your presentation binder, and all the titles will show through the transparent tabs. No more inserting tab titles one at a time!

- View-Tab® lets you print all tab titles on a standard sheet. Insert the whole page in the back of a binder and your titles will show through the tabs.
- Polypropylene tab divider material is durable enough for frequent reuse
- Tabs are transparent so titles always show through
- Multiple tab count sets and color options available
- Create custom tabs and print all tab titles on one sheet with one-step formatting at www.wilsonjones.com/TemplateDownloads

Sheet Protectors

Wilson Jones® View-Tab® Sheet Protectors

Sheet protectors with specially designed View-Tab® titling keeps your pages neat and clean while simplifying organization. Perfect for adding a polished look to any multi-section presentation.

- Sheet protectors with tabs are durable and reusable
- Top-loading protectors make it easy to slip your pages inside for secure protection against spills and frequent handling
- View-Tab® lets you print all tab titles on a standard sheet. Insert the full sheet in the back of a binder or folder and your titles will show through the tabs.
- Sheet protectors are clear, tabs are multicolor
- Multiple tab count sets available, 1 View-Tab sheet protector set per pack
- Free online templates for custom tab titles available at www.wilsonjones.com/TemplateDownloads

Keep everything accessible and filed in its place

Occasion

Eliminate clutter at your desk and on the go

Mobile – Perfect for traveling professionals, teachers, students or anyone who needs to protect documents between appointments

- Most durable
- Best suited for moving documents

Organization – Ideal for multi-part projects, projects with rounds of revisions or files that have regular updates

- Use dividers inside folders for creating subcategories of information
- Fasteners secure documents in sequential order

Storage – For longer-term storage of project documents or articles

- Expanding files and wallets provide ample space for larger amounts of materials
- Choose pockets for better organization
- Most fit easily in file drawers

Capacity

Ensure the product can hold your documents. Look for gusseted products for easy expansion to hold many documents.

Color

One of the most intuitive forms of organization uses color to help group things and to identify types of projects. Many Wilson Jones® filing products come in a range of colors to conform to any filing system.

Expanding Files

Wilson Jones® ColorLife® File Pockets, Letter Size

For big storage and organization jobs, these expanding file pockets are a sure solution. The bright colors also make these file folders excellent for color-coding projects and paperwork.

- Single large pocket expands to hold an ample amount of documents & withstands heavy use
- Acrylic coated cover and Mylar® reinforced gusset ensure long lasting performance
- 50% recycled content
- Letter size for 8 1/2" x 11" sheets

Not all whiteboards are created equal

Let us help you determine the right board for your needs!

Which performance factors are most important to you?

1. Initial Cost

When weighing initial cost vs. product performance and lifespan, which best describes you?

MAXIMUM LIFESPAN + PERFORMANCE

VALUE + PERFORMANCE

MOST ECONOMICAL

2. Surface Performance

In a week, how often do you use a whiteboard?

FREQUENTLY – EVERYDAY

OCCASIONALLY – SEVERAL TIMES A WEEK

RARELY – A FEW TIMES A WEEK

3. Time / Maintenance

Some whiteboards require more maintenance than others. How much time do you want to allocate?

MINIMAL MAINTENANCE

OCCASIONAL MAINTENANCE

MAINTAIN REGULARLY

Did You Know

1. If ink remains on the board 24/7, then that is **HEAVY** usage, even if only changed once a week, such as restaurants.
2. **EVERY WHITEBOARD NEEDS CLEANING.** The better the surface, the less cleaning required.
3. Porcelain surfaces are **ALWAYS** magnetic, but Magnetic surfaces are not always porcelain.
4. Board design and frame color aesthetics are often important to match the environment in which they are placed.
5. **NOT ALL DRY ERASE MARKERS PERFORM EQUALLY.** Some are more difficult to erase than others, which results in Stains and Ghosting. Low Odor, Quartet EnduraGlide® markers optimize performance by always providing a bold mark and excellent erase ability.
6. **ERASERS SHOULD BE CLEAN!** A “dirty eraser” will often spread ink residue all over the surface.
7. Industrial strength cleaning solutions can damage a board’s surface.

Once you’ve selected the color-coded answers that fits your needs, turn the page over to find the right board for you.

Premium Performance

A “must” for every classroom and high traffic conference room

Quartet® Glass Dry-Erase Desktop Easel, 9" x 11", White Surface, Frameless

Capture great ideas and keep track of daily tasks with this glass surface dry-erase easel. Convenient design allows glass easel to stand upright for easy reading and collapse to comfortably write notes and reminders.

- Durable, dry-erase glass surface will not stain or ghost for clean erase after every use
- White glass desktop easel is infinitely reusable and replaces the need for scrap paper
- Frameless design is sleek and attractive. 9" x 11" board size conserves usable desktop space.
- Position easel upright to keep notes in view while you work. When collapsed the board is angled to make writing more comfortable
- Clipboard-style design allows dry-erase desktop easel to double as a copy holder for letter or A4 size papers
- Back of easel has a built-in storage slot to hold standard size sticky notes
- One Quartet® dry-erase marker included, along with a clip on the back of the board to store the marker
- Limited 15 year warranty

Fusion Nano-Clean™ Whiteboards

Quartet® Fusion Nano-Clean™ Magnetic Whiteboards, Silver Aluminum Frame

Incorporating the latest cutting-edge science, this innovative new whiteboard surface uses nanotechnology to prevent ink from penetrating the surface. A hydrophobic Nano-Clean™ surface coating delivers exceptional ghost and stain resistance for superior erasability.

- Experience a new dry-erase solution with the Fusion Nano-Clean™ Whiteboard. This one-of-a-kind surface is sealed at the nano level.
- Features a 25 year warranty and is able to deliver top notch performance in extremely heavy use environments
- Protected by Nano-Clean™ technology. Nanoparticles fill voids on the board surface to prevent ink from staining or ghosting for an always Nano-Clean™ whiteboard.
- Whiteboard surface is magnetic to offer equal functionality for smooth writing and posting of printed materials. Board surface is recessed from the frame to deliver a fresh, clean look.
- Whiteboard can be mounted vertically or horizontally with included Z-bracket mounting hardware. Marker tray and 1 Quartet dry-erase marker also included.

Magnetic Total Erase® Whiteboards

Quartet® Prestige® 2 Total Erase® Magnetic Whiteboards, Graphite Finish Frame

Magnetic Total Erase® board with 20 year warranty offers a high level of durability to resist ghosting and staining over time. The magnetic feature provides the extra functionality of being able to hang papers on the whiteboard surface using magnets. Feature a Prestige® 2 frame, this board has a professional appeal and can be paired with Quartet Prestige 2 Connects™ accessories to personalize its use for your needs.

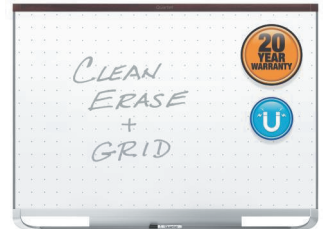

- Total Erase® magnetic whiteboard with 20 year warranty has a durable surface that resists ghosting, staining and scratches
- Best suited for moderate use in spaces with regular traffic
- Erases cleanly and will remain pristine with only occasional maintenance
- Magnetic feature allows whiteboard to double as a magnetic bulletin board
- Whiteboard surface is printed with a light grid pattern, only visible up close, to help keep writing aligned
- Frame of a Quartet® Prestige® 2 Whiteboard and full-length marker tray are specially designed to securely hold all Quartet Prestige 2 Connects™ accessories
- Pass-through mounting simplifies installation
- Multiple board sizes available, graphite finish frame
- Includes one Quartet® dry-erase marker

Magnetic Cork Bulletin Boards

Quartet® Prestige® 2 Magnetic Cork Bulletin Boards, Graphite Finish Frame

The benefits of a cork board have been combined with the convenience of a magnetic bulletin board. The durable, large grain cork with magnetic steel backing keeps all items securely in place, and the included hanging system mounts the board to the wall from the front for better accuracy.

- Bulletin board with magnetic cork surface offers two posting options
- Suitable for frequent use
- Large grain, magnetic cork surface features durable steel-backing and is self-healing
- Frame of a Quartet® Prestige® 2 Whiteboard and full-length marker tray are specially designed to securely hold all Quartet Prestige 2 Connects™ accessories
- Pass-through mounting hardware included. 10 year warranty.

Quartet® Anywhere™ Dry-Erase Sheets, 15 Sheet Roll

Acts as both a flipchart and a whiteboard in one! These disposable, dry-erase sheets are charged with static electricity enabling them to stick to virtually any flat, indoor surface. Carton serves as a sheet dispenser and you can hang sheets like a flipchart.

- Sticks to almost any flat office surface and is designed for you to write on with dry-erase markers
- Static charge keeps each dry-erase sheet in place for up to 12 months despite gravity
- Writing with dry-erase marker allows quick changes with no mess. Permanent marker can also be used to match your presentation need.
- Perforated roll enables you to easily tear off in 31 1/2" increments creating 24" x 31 1/2" sheets
- Dry-erase sheets are made for presentations on the go: tear off, cling, write and toss away after a few days
- 40 foot roll contains 15 dry-erase sheets

Display Easels

Quartet® Aluminum Heavy Duty Display Easel, 66" Max. Height, Supports 45 Lbs., Silver

Set up your display to attract the right kind of attention with this heavy duty display easel. Two signs or one very large display are held in place with sign holders, plus a display top clamp and bottom support ledge are built-in for additional securing options. The aluminum construction stands up to frequent indoor and outdoor use.

- Display easel is height adjustable. Easily set it to stand from 38" – 66" tall, great for trade shows.
- Holds up to 45 lbs. in display weight to support heavier signage materials
- Two sets of sign holders allow you to display two signs at once, one on top of the other. Can also support a single very large display using just the bottom set of sign holders.
- Integrated flipchart pad holder makes this easel useful for in-office meetings and presentations
- Flipchart holder can be clipped to the back leg when not in use
- Top clamp keeps large displays from toppling over. The clamp retracts into the easel when not in use so as not to detract from your signage.
- Easel is designed for indoor or outdoor use. Integrated spikes hold the display easel in place in grass or dirt.
- Aluminum construction of this display easel is very durable, and the tripod design is well-known for its stability. Indexing on the front two legs ensures perfect leveling on virtually any surface.
- The easel legs have a unique, channeled design. Identical to that of a camera tripod, the easel is easier to set up and collapse than ever before. Great for portability.
- 1 year warranty. Silver in color.

Quartet® Anywhere™ Dry-Erase Sheets, 15 Sheet Roll

Acts as both a flipchart and a whiteboard in one! These disposable, dry-erase sheets are charged with static electricity enabling them to stick to virtually any flat, indoor surface. Carton serves as a sheet dispenser and you can hang sheets like a flipchart.

- Sticks to almost any flat office surface and is designed for you to write on with dry-erase markers
- Static charge keeps each dry-erase sheet in place for up to 12 months despite gravity
- Writing with dry-erase marker allows quick changes with no mess. Permanent marker can also be used to match your presentation need.
- Perforated roll enables you to easily tear off in 31 1/2" increments creating 24" x 31 1/2" sheets
- Dry-erase sheets are made for presentations on the go: tear off, cling, write and toss away after a few days
- 40 foot roll contains 15 dry-erase sheets

Overhead Projectors & Supplies

Overhead Projector Definitions

Transmissive	The most commonly used overhead projector format with the light source positioned in the base under the projection stage. The light is projected upward through the transparency and reflected by the head toward the screen. Apollo items: 3000, 3002, 3400, 16000, 16002.
Reflective	Excellent for transparency-only presentations, reflective overheads are very lightweight and portable. The light source is positioned in the projection head and projects down toward the stage, which reflects the transparency image back to the head and toward the screen. Apollo item: 4000.
Head Type	Open, duckbill-type head, recommended for most applications, delivers a slightly brighter light than the closed-head type. Closed-head type provides lens protection from fingerprints and dust and is perfect for school use or for industrial environments.
Lumens	A measurement of light intensity taken at the source of the light. 2,000-4,000 lumens recommended for most transparencies; 4,000+ lumens for detailed, dense-color transparencies, large rooms and uncontrollable environmental lighting areas.

Lamp Type	Standard 3-letter lamp designations as defined by American National Standards Institute (ANSI). Apollo items: 3000, 3002, 4000, 16000, 16002 – use EYB lamp. Apollo item: 3400 – uses EVD lamp.
Stage	The clear glass platform from which transparencies are projected. Larger stages accommodate full 8½" x 11" transparency sheets in horizontal or vertical orientation.
Lamp Changer	Allows the user to instantly change lamps by simply flipping a switch, in the event of a lamp blowout. Prevents embarrassing delays in the middle of presentations. Apollo items: 3000, 3002, 3400, 4000, 16002.
Lens Element	The number of individual elements that make up a projection lens. The greater number of elements, the better the quality of the projected image.
High/Low Switch	Light output control switch that allows the user to use lower lumen output for simple transparency presentations and higher lumen output for color dense transparency slides. Use of the low setting maximizes lamp life. Apollo items: 3000, 3002, 3400.

Apollo® 3000 Overhead Projector, 3000 Lumen Output, 11.25" x 11.25", Open Head

This overhead projector can brighten up any mid-size room and make your presentations more memorable. With a 3000 lumen light output, this projector produces a clear, bright image even in the corners. The projector lamp can be adjusted to lower or brighten, and the open head lamp folds down for easy storage.

- High quality projector features a powerful 3000 lumen light output
- Ideal for medium-size conference and meeting rooms with 50–100 people
- Double fresnel lens assures edge-to-edge sharpness and brightness
- Large 11.25" x 11.25" stage glass area
- Open head folds down for easy storage and 2 carry grip handles provide easy transport
- Lamp changer instantly replaces lamp by simply flipping a switch
- High/low lamp control extends lamp life
- Includes locking Kensington Security Slot for theft prevention
- 2-year limited warranty

Apollo® Venture™ Portable Overhead Projector, 2000 Lumen Output, 11.25" x 11.25"

Lightweight and portable, this overhead projector is the perfect choice for on-the-go meetings and small room gatherings. The sleek design looks great in any meeting space, and folds up easily in its modern-style protective case. With 2,000 lumens of light, this projector provides plenty of illumination, and the vari-focal lens ensures that presentation images are crisp and clear edge-to-edge.

- Sleek, full-featured portable projector folds flat into its hard-shell case for safe and easy transport
- Open head with 2,000 lumen light output ideal for small rooms with up to 20 people
- Three-element vari-focal lens ensures sharp focus and picture clarity
- Large 11.25" x 11.25" stage glass with reflective anti-glare projection
- Weighs just 8 lbs.
- Lamp changer replaces blown out lamp by simply flipping a switch
- EYB replacement lamp
- Limited 2-year warranty

Overhead Projectors & Supplies

Apollo® Horizon 2 Overhead Projector, 2000 Lumen Output, 10" x 10", Open Head

For powerful presentation capabilities, this overhead projector can brighten up any small room. With a 2000 lumen light output, this projector is perfect for classrooms and small-capacity meeting spaces. The open head lens keeps the projected image sharp, even at the corners. The built-in grips help makes set-up easier, and the lens head folds down for more compact storage.

- Projector features 2000 lumen light output
- Ideal for classrooms and small venues with up to 20 people
- Open head with double fresnel lens assures edge-to-edge sharpness and brightness
- 10" x 10" stage glass surface area
- Open head folds down or can be stored in built-in storage compartment and 2 carry grip handles provide easy transport
- Weighs just 12 lbs. for easy portability and reliable tabletop use
- Includes lamp changer so users can quickly change lamp with the flip of a switch
- High/low lamp control extends lamp life. High-efficiency cooling system is built-in.
- Includes locking Kensington Security Slot for theft prevention and thermal shutoff switch for safety
- 2-year limited warranty

Apollo® 16002 Overhead Projector, 2000 Lumen Output, 10" x 10", Closed Head

For powerful presentation capabilities, this overhead projector can brighten up any small room. With a 2000 lumen light output, this projector is perfect for classrooms and small-capacity meeting spaces. The closed head lens keeps dust and dirt out, so your projected image are more pristine. The built-in grips help makes set-up and transport easier.

- Reliable, easy-to-use tabletop projector with 2000 lumen light output features high-efficiency cooling system and thermal shutoff safety switch
- Ideal for medium-sized classrooms and venues with up to 20 people
- Double fresnel lens assures edge-to-edge sharpness and brightness and keeps dust and dirt from lens
- 10" x 10" stage glass surface area
- Carry grips provide easy transport and weighs just 12 lbs.
- Includes lamp changer so users can quickly change lamp with the flip of a switch
- High/low lamp control extends lamp life
- Kensington Security Slot locks for theft prevention
- 2-year limited warranty

DISCOVERY™ 1100

High performance document camera that proves budget friendly

The perfect entry level solution for educators looking for portability and ease of use. Equipped with powerful features including a best in class 8MP sensor, 8X zoom, audio/video recording, HDMI and a set of microscope adapters. Picture-in-Picture and image freeze functions are also at your fingertips with the intuitive control panel.

DISCOVERY™ 3000

The mid-range document camera to enhance any lesson

This robust solution is equipped with a best in class 8MP image sensor, 10x optical zoom, an adjustable neck and a set of microscope adapters. Supporting audio/video recording and high definition display technologies, the Discovery 3000 is packed with features. Make learning fun and engaging with Picture-in-Picture image comparison and a 1-click seamless pass-through switch for toggling between digital presentations and classroom demonstrations.

DISCOVERY™ 3100

The ultimate document camera for classroom interactivity

With 5 axis rotation to allow for optimal camera positioning, share live, record audio/video and capture brilliant images with GBC's best in class 8MP sensor and 10x optical zoom. The Discovery 3100 also includes a uniquely integrated LCD display functions as both a preview display and lightbox. Truly take teaching to new levels with features including Picture-in-Picture image comparison and a 1-click seamless pass-through switch for toggling between digital presentations and classroom demonstrations.

Discovery 3100 Document Camera

The Discovery 3100 Document Camera delivers top-notch visually engaging lessons to your students like never before. The camera's 5 axis rotation arm allows for precise positioning while you share live, record and capture brilliant images with its best in class 8MP sensor. Plus, the innovative LCD display functions as both a preview display and lightbox for capturing slides. With top of the line user-friendliness and dependable performance, the Discovery 3100 promises everything you need to deliver engaging, next-level lessons to your students.

- 8MP sensor with 8X digital zoom, 17X optical zoom and auto focus lets you broadcast, record and capture crystal clear images without worrying about blurriness or hard to read text
- LCD display lets you preview content prior to displaying it to a classroom
- Simple, one-touch toggling between the camera screen and computer display with pass-through enabled HDMI and VGA connectors
- Picture-in-picture, image freeze/pause, highlight and mask functions allow you to manipulate the display image to fit your needs throughout the lecture
- Camera can be used with or without connecting to a computer. Included Discovery software lets you annotate and edit images.
- Camera's mechanical arm has a 5 axis rotation for precise adjustments. Includes a built-in LED light with three brightness settings and an intuitive control panel.
- Remote control allows you to control the camera while moving around the classroom and attending to students
- Lightbox and microscope adapter lets you capture and display magnified images from a microscope and 35mm slides to an entire lab of students
- Comes with everything you need, including: AC/DC adapter, USB cable, 2 HDMI cables, 2 AAA batteries, remote control, microscope adapter, anti-glare sheet, quick guide, CD manual and Discovery software

Prestige 2 Connects™ Accessories

GBC® Discovery™ 1100 Document Camera

The Discovery 1100 Document Camera is the perfect way for teachers to step up their lessons without breaking the budget. This camera comes equipped with a best in class 8MP sensor, 8X zoom, annotation software and a microscope adapter—features usually only found in higher-end models. Plus, its portability makes it easy to transfer from classroom to classroom. With easy usability and quick set-up, this camera will make your classroom lectures more visually engaging and interactive in no time.

- 8MP sensor with 8X zoom and auto focus lets you display crystal clear images without worrying about blurriness or hard to read text
- Picture-in-picture capability allows you to show two displays on one screen
- Image freeze/pause lets you keep an image on the screen while the object is adjusted or passed around. Highlight/mask functions allow you to emphasize or block content while it is displayed.
- Included Discovery software lets you annotate and edit images
- Compact size and flexible arm makes camera portable for multi-classroom use and easily stored while not in use. Includes a built-in LED light with three brightness settings and an intuitive control panel.
- Remote control allows you to control the camera while moving around the classroom and attending to students
- Microscope adapter lets you display magnified images from one microscope to an entire lab of students
- Included anti-glare sheet stops glares from blocking the view of laminated surfaces and textbook pages
- Comes with everything you need, including: AC/DC adapter, USB cable, 2 HDMI cables, 2 AAA batteries, remote control, microscope adapter, anti-glare sheet, quick guide, CD manual and Discovery software
- 5 year limited warranty. 4 11/16"W x 4 3/4"L x 16 15/16"H

Prestige 2 Connects™ Accessories

Quartet® Prestige 2 Connects™ Cleaning Dry-Erase Kit, Caddy, 16 oz. Bottle & Magnetic Cloth

Make it easy to keep a dry-erase surface clean by storing the necessary tools directly alongside the board with this cleaning kit. The convenient caddy comes with one spray bottle of board cleaner and a magnetic, microfiber cloth. The caddy attaches easily to the frame of a Quartet® Prestige® 2 whiteboard so that you can store it at any height on either the left or right side.

- Dry-erase kit with caddy is designed to store whiteboard cleaning tools
- Includes one 16 oz. spray bottle of Quartet® Whiteboard Cleaner and a microfiber cloth
- Microfiber cloth is magnetic and hangs directly on whiteboard surface so as not to take up space in the caddy
- Spacious caddy provides convenient storage for markers and other accessories
- Caddy is made of durable, black plastic
- Hooks into the notches on either side of a Quartet® Prestige® 2 Whiteboard to serve as an integrated storage solution. Adjust to desired height.
- 8.5"H x 5"W x 3"D
- Combine with other Quartet® Prestige 2 Connects™ accessories for a fully-functional, convenient and collaborative workspace

Quartet® Prestige 2 Connects™ 2-in-1 Eraser, Small & Large, Black

The 2-in-1 eraser not only excels at keeping your board clean, it gives you two size options to make erasing more convenient. The small eraser is great for cleaning small areas. It attaches to the large eraser to serve as a handle when using the larger version to wipe away dry-erase marker ink and dust from the entire board surface.

- 2-in-1 eraser is both a small and large whiteboard eraser to provide multi-use convenience
- Use the small and large eraser separately or together
- Attach the small eraser to the top of the large eraser to serve as a comfort-grip handle for full board erasing
- Detach the small eraser to use it separately to erase smaller board sections
- Both erasers feature fine bristles to safely remove all dry-erase ink and marker dust from any whiteboard surface
- Replacement eraser pads (sold separately) are available and easy to insert to maintain premium erasing power
- Sized to fit perfectly on the full length accessory tray of Quartet® Prestige® 2 whiteboard
- Black; 2.13"H x 13.38"W x 1.75"D
- Combine with other Quartet® Prestige 2 Connects™ accessories for a fully-functional, convenient and collaborative workspace

Dry-Erase Markers

Quartet® Prestige 2 Connects™ Flipchart Hooks, Silver, 2 Pack

Hang a flipchart or easel pad over your whiteboard easily with Quartet® Prestige 2 Connects™ flipchart hooks. The durable hooks attach securely to the top of the whiteboard and flipcharts are inserted over the posts.

- Durable, plastic hooks secure a flipchart over the board surface
- Simply slide hooks over top of the whiteboard frame to install
- Flipchart or easel pad attaches to posts that extend from the front of the hooks for easy access and increased visibility
- Ideal for use when space is limited or an easel is not available
- Designed to fit perfectly with Quartet® Prestige® 2 line of whiteboards
- 2 pack; each hook measures 4"H x 1"W x 1.25"D
- Combine with other Quartet® Prestige 2 Connects™ accessories for a fully-functional, convenient and collaborative workspace

The exclusive SmartFit® system from Kensington takes the guesswork out of installation. This revolutionary patented system allows workstation accessories to be easily customized to users of all shapes and sizes. The result is an accurate set up that maximizes the benefits of products.

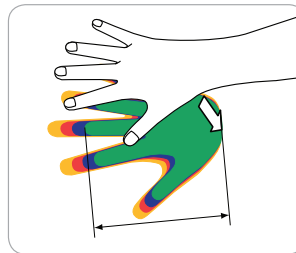

Your personal fit in 3 easy steps

1. Measure – With every SmartFit product, you will receive a hand chart in the box. This hand chart will assist you in finding your specific SmartFit color and customize your fit.

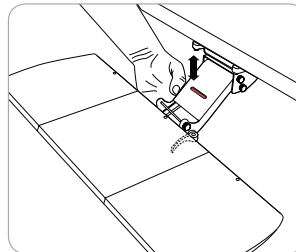

- How do you measure?

With your right wrist on the baseline of the hand chart, lay your entire hand over the diagram. The tip of your middle finger will point to your SmartFit color.

2. Adjust – The next step is to adjust the color wheel on your SmartFit product to your specific color, and you're ready to go.

- Not all SmartFit products have a color wheel; please make sure you read the instructions to understand how to adjust each SmartFit product.

3. Fit – The final step is to validate the fit of your SmartFit product at your work-station. Because we make many different SmartFit products, please refer to the user guide in each product box.

Foot, Back & Seat Rests

SmartFit® Solemate™ Plus Foot Rest — Black

Leveraging 20 years of ergonomic expertise, Kensington's patented SmartFit System gives you the power to customize your foot rest for enhanced comfort. The Solemate Plus Foot Rest has an anti-skid surface and supports your legs at the optimum angle to reduce muscle strain and fatigue for all-day comfort. The professional-level customization lets you measure, adjust, and fit your foot rest without the need for an ergonomist. The height adjusts to match your personal SmartFit comfort color, and with a flick of the foot-operated pedal, you can adjust the tilt angle to your ideal setting.

- SmartFit® System lets you adjust foot rest to your personal comfort color using foot pedal
- Promotes a stress-reducing seating position to support your feet, legs and lower back
- Height adjusts from 3.5"-5" and angle adjusts up to 30 degrees
- Foot pedal allows you make adjustments while remaining seated
- Large, non-skid surface provides great stability
- TAA Compliant

Kensington® SmartFit® Mouse Pad and Ergonomic Wrist Rest

From the trusted industry leader with 20 years of experience designing ergonomic devices, the SmartFit® Mouse Pad not only provides a comfortable gel support, it also enables you to customize and adjust the height of the rest so your wrist is at a neutral angle. So whether you're typing a report, managing complex spreadsheets, or creating an engaging presentation, don't let wrist pain from the extended hours in your home office interrupt your productivity. Rest your wrist on a soft, cushioned surface while you click and scroll, alleviating discomfort by properly positioning your hand and wrist.

- SmartFit System lets you measure, adjust and fit the mouse pad to find your ideal comfort color setting
- Height adjustable inserts are set to your color and help set your wrist at the correct angle for comfortable clicking and scrolling
- Gel wrist pad provides a cool, comfortable surface that conforms to your wrist and relieves pressure points
- Anti-microbial surface resists stains and odors for a worry-free experience
- Non-skid base provides stability and keeps the wrist rest firmly in place

Mouse Pads & Wrist Rests

Kensington® Conform Wrist Rest, SmartFit®, Ergonomic Design

Innovative, SmartFit® wrist rest naturally supports wrist and hand by placing arm at the proper ergonomic angle. Unlike other wrist rests, the Conform Wrist Rest features nonstick pads on the base so that it glides along the desktop with the mouse. This influences users to mouse from the elbow and shoulder, helping to reduce the risk of carpal tunnel.

- Ergonomic wrist rest relieves pressure and keeps arm at neutral angle
- Conform padding provides support while nonstick pads on base allows wrist rest to move with mouse for more comfortable use and continuous alignment
- SmartFit personalized color coding system makes it easy to select the best support for your wrist
- SmartFit comfort color size chart and 4 color coded interchangeable inserts are included to ensure a proper fit
- Wrist rest helps reduce risk of repetitive strain injuries and carpal tunnel injuries
- Ambidextrous design allows right hand or left hand use
- Rest is compatible with all mice, including both wired and wireless

Comfort Gel Keyboard Wrist Rest — Black

The Comfort Gel Keyboard Wrist Rest provides extra support and comfort when you're typing. The gel pad conforms to the natural contours of your wrists and minimizes pressure on your hands and wrists so you can be productive for longer periods of time with less aches and pains. A non-skid base ensures the pad stays in place while you're busy typing away on the keys.

- Gel padding acts like a pillow and adapts to natural curves of your wrists
- Non-skid base helps keep the keyboard wrist rest firmly in place
- TAA Compliant

FP123 Privacy Screen for Surface Pro & Surface Pro 4

Trust Kensington, the choice of IT professionals, to help protect the sensitive information on your Surface™ Pro & Surface™ Pro 4 and reduce the chances of wandering eyes viewing confidential data on your screen. This privacy screen is designed specifically for Microsoft's Surface™ Pro & Surface™ Pro 4 and is compatible with the touch screen. The FP Series Laptop Privacy Screens limit the field of vision to +/- 30 degrees so a person off to the side only sees a dark screen. They are easy to install, with the included double-sided tape. The reversible privacy screens also use an anti-reflective coating to reduce glare, and they filter out harmful blue light by up to 30 percent.

- Limits viewing angle to +/- 30°, hiding personal or confidential information from anyone trying to look from the side
- Reduces harmful blue light by up to 30%
- Can be installed using included double-sided tape
- Anti-reflective coating reduces glare and improves clarity
- Reversible with matte and glossy viewing options
- Designed for the Microsoft® Surface® Pro this privacy screen is compatible with the touch screen
- Protects the monitor screen from scratches and damage
- Cleaning cloth included

Snap2™ Privacy Screens for Monitors

Protective films improve the longevity and image quality of flat panel displays. The top-mounted films cling to screens with different shapes -- without hassle, adhesive or cumbersome frames. The hard-coated and textured surface protects sensitive screens, reduces glare, and improves viewing contrast.

- Narrows the viewing angle of your monitor to shield data from on-lookers
- Top bracket secures screen to monitors without hassle, adhesive or cumbersome frames
- Hard-coated film protects sensitive screens from smudges and damage
- Textured surface with light tint minimizes glare and improves contrast
- Frame-free construction clings to monitor and won't obstruct controls or speakers

Kensington® SmartFit® Sit/Stand Workstation

As more health risks are revealed in relation to sitting too much during the workday, professionals are trusting the company with 20 years of ergonomic expertise and turning to the SmartFit® Sit/Stand Workstation to improve their health and productivity. The workstation installs quickly and converts your traditional desk into a standing workspace with minimal changes to your current setup. Because your needs may change in an instant, a pneumatic lift and articulating arm help you quickly transition from sitting to standing, allows you to swivel from side to side to share your monitor screen.

- SmartFit System allows you to measure, adjust and fit the workstation’s articulating arm to your ideal comfort color setting
- Pneumatic lift lets you quickly and easily transition from sitting to standing
- Articulating arm has four pivot points so you can easily move the workstation up and down and side to side
- Height adjustable so you can set the monitor and the keyboard platform independently for the ideal viewing and typing settings
- Cable management channel routes accessory cords to keep workstation uncluttered
- Reinforced mounting clamp attaches quickly to the desktop
- Secondary platform provides a space-saving area for additional accessories

Tablet & Smartphone Chargers

PowerBolt™ 2.4 Car Charger — Black

The PowerBolt™ 2.4 Car Charger with hardwired Lightning cable will charge your iPad or iPhone from your vehicle's power outlet in the fastest possible time. With 2.4 AMPs (12 watts), no other charger provides a faster, or safer, charge for your iPad Air® 2, iPad Air, iPad 4th gen, iPad mini™, or iPhone® 6 Plus/6 and iPhone 5s/5c/5. And because the Lightning cable is hardwired, you never have to worry about remembering your device's USB cable. Plus, the compact, low-profile design blends in with any vehicle interior and the blue LED indicator lets you know the charger is ready to go.

- Charges iPad Air® 2/iPad Air, iPad® (4th gen), iPad mini™ 3/2/1, iPhone® 6 Plus/6/5s/5c/5, iPod® touch (5th gen) and iPod nano (7th gen)
- Lightning cable is hardwired to the charger
- Blue LED indicates the charger is powered and ready for a device
- Compact, low-profile design blends into any vehicle interior
- MFI certified

Tablet & Smartphone Chargers

PowerBolt™ 3.4 Dual Fast Charge Car Charger with Micro USB Cable

The Samsung Galaxy S4 is going places and with a Kensington PowerBolt 3.4 Car Charger on board, it's getting charged fast. The Kensington PowerBolt 3.4 Fast Charge has a built-in charging cable for your Galaxy S4, along with a USB charging port with PowerWhiz™ and 2.4 AMPs of power for your tablet. Simply use the charging cable that came with your device and you're all set for a fast, safe charge.

Plug the PowerBolt into your device and our PowerWhiz technology automatically recognizes your device and provides the correct charge. Plug in your Galaxy S4, and it delivers 1.0 AMPs for speedy charging. Plug in an iPad, Galaxy Tab 3, or any other device and PowerBolt 3.4 will automatically provide the AMPs necessary to charge your device quickly and safely. The Kensington PowerBolt 3.4 Fast Charge includes a built-in coiled charging cable for your S4, so there are no cables to misplace.

With the Kensington PowerBolt 3.4 Fast Charge you'll arrive at your destination with a full charge, so you can get back to surfing the web, typing emails, checking Facebook, talking on the phone — and oh yeah, maybe even working. The Kensington PowerBolt 3.4 Fast Charge features a compact, low profile design that blends in with any vehicle interior and won't interfere with your car's controls.

- Delivers 1.0 AMPs for fast charging of the Samsung Galaxy S4
- PowerWhiz™ technology automatically delivers fast, safe charging for your devices
- Built-in charging cable for S4
- 2.4 AMP USB port for charging tablets and other devices with your own cable
- Low-profile design blends in with your vehicle's interior

PowerBolt™ 3.4 Dual Fast Charge Car Charger with Lightning™ Cable

Chances are, if you have one Apple® device, you've got at least one other Apple product that's also going to need charging. The Kensington PowerBolt 3.4 Dual Port Fast Charge has a built-in Lightning charging cable and 2.4 AMPs of power for your iPad. Plus, there's also a USB charging port with 1.0 AMP for your iPhone 5, 5s or 5c, or other Apple device. Simply use the charging cable that came with your device and you're ready for a fast, safe charge.

The PowerBolt 3.4 is ideal if you need to charge your iPad that uses a lightning cable, including iPad Air/4th gen/mini/mini with Retina and iPhone 5/5s/5c simultaneously in the car. With the Kensington PowerBolt 3.4 Fast Charge you'll arrive at your destination with a full charge, so you can get back to surfing the web, typing emails, checking social media, talking on the phone — and oh yeah, maybe even working. The Kensington PowerBolt 3.4 Fast Charge features a compact, low-profile design that blends in with any vehicle interior and won't interfere with your car's controls.

- Built-in Lightning cable and 2.4 AMP port provides fast charging of the iPad Air/4th gen/mini/mini with Retina
- 1.0 AMP USB port to charge your iPhone 5/5s/5c, iPod touch 5th gen, or iPod 7th gen
- Low-profile design blends in with your vehicle's interior
- Blue LED light lets you know you're successfully charging

Flexible security solutions that fit your business.

Distribute locks with a variety of access levels while maintaining just one master key to open any lock.

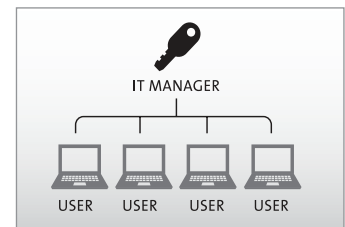

Administrator access with user keys

Equip employees with their own personal locks to protect your organization's technology - all while retaining universal access for your IT staff.

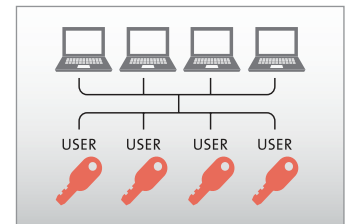

Supervisor access

Implement the most restricted lock management at your organization - protect business technology with locks that are only accessible with one master key for ultimate control and access.

Shared access

Protect your equipment from non-employee theft while giving employees the access they need to be productive, using shared, identical locks and keys.

Custom locking system ordering steps:

Step 1: Select the type of lock your customer needs.

Step 2: Kensington, a division of ACCO fulfills all custom lock orders. Submit your purchase order (made out to ACCO) by fax 650-267-2893 or e-mail customsecurity@kensington.com. There is a minimum of 10 units. Please include end user contact name, email address and phone number on your order.

For application assistance, contact customer support @ 855-698-0054

Keyed Locks

ClickSafe® 2.0 Keyed Laptop Lock

From the industry leader in physical device security for 25 years, Kensington’s ClickSafe 2.0 Keyed Laptop Lock offers all the strength and one-click convenience and keyless engagement of the original, just in a smaller, uncompromised design. Featuring the 5mm keying system with anti-pick Hidden Pin™ Technology, the ClickSafe lock head snaps onto the ClickSafe Security Anchor after it has been installed into the Kensington Security Slot found in most laptops. A carbon steel cable deters cutting attempts and the pivot & rotate hinge prevents awkward angles when inserting the key.

- Tough yet smaller lock head offers uncompromised security for a wide variety of laptops and devices
- ClickSafe® Lock provides one-step security after Security Anchor has been installed into Kensington Security Slot™ found on most laptops, increasing employee compliance
- 5mm Keying System is compatible across all of Kensington’s latest locks and includes patented anti-pick Hidden Pin™ Technology, all part of our robust custom key management solutions that include Master Keyed (K64436M), Supervisor Keyed (K64436S) and Like Keyed (K64436L) options.
- Carbon steel cable resists cutting attempts and anchors to desk, table or any fixed structure
- Pivot and rotate cable provides superior laptop engagement
- Register & Retrieve™ program allows you to order replacement keys
- Independently verified and tested for industry-leading standards in torque/pull, foreign implements, lock lifecycle, corrosion, key strength and other environmental conditions
- Limited Lifetime Warranty guaranteed by Kensington, the worldwide leader in laptop locks

MicroSaver® Keyed Laptop Locks - Twin Lockheads

Let your security cable and lock do double duty with the MicroSaver Keyed Twin Head Lock. Kensington is the industry standard, locking devices for more than 20 years. Two T-Bar™ locks easily secure your laptop and a peripheral desktop device like a monitor or external hard drive with a Kensington Security Slot, all on a single cable. The 7.5-foot cable is 40% stronger than a standard cable and features aircraft-grade steel.

- Hidden Pin™ technology ensures tubular lock cannot be picked
- T-Bar™ Locking Technology attaches to the Kensington Security Slot™ found on most laptops
- Two lock heads allow you to secure a laptop and a peripheral accessory
- 7.2-foot cable is made of aircraft-grade steel so it's 40% stronger than a standard cable for better cut-resistance
- Register & Retrieve™ program allows you to order replacement keys

MiniSaver™ Mobile Keyed Lock

The perfect security solution for modern ultra-thin devices like Ultrabooks and tablets that otherwise would be left vulnerable to theft. The MiniSaver features Cleat™ Locking Technology, which can be inserted into any device that includes either the Kensington Security Slot or the Kensington Mini Security Slot.

- Cleat™ Locking Technology uses retracting “claws” to create a strong connection between device and lock
- Off-body main lock housing creates valuable port and jack space for your other device accessories
- Simple push button action with one-handed operation allows Cleat to be inserted and locked into the security slot
- Carbon steel cable is cut-resistant and anchors to desk, table or any fixed structure
- Register & Retrieve™ program allows you to order replacement keys

MicroSaver® DS Ultra-Thin Keyed Laptop Locks

Ultrabook™ and MacBook® laptops are valuable business tools, and desirable for thieves, but they are frequently too thin for a standard cable lock. The MicroSaver® DS Ultra-Thin Laptop Lock has a sleek profile to fit thinner devices and a rotating head to eliminate awkward angles when inserting the key.

- Tamper-resistant, disk-style lock provides near-impenetrable theft protection
- T-Bar™ Locking Technology attaches to the Kensington Security Slot™ found on most laptops
- Carbon steel cable is cut-resistant and anchors to desk, table or any fixed structure
- Register & Retrieve™ program allows you to order replacement keys
- Pivot and Rotate cable hinge creates great freedom of movement and eliminates awkward angles for key insertion

MicroSaver® Master Keyed Lock - On Demand

The MicroSaver® Master Keyed Lock - On Demand is a stocked master access solution and the most popular option for corporate users. Master keyed solutions give you more control over equipment while safeguarding employees from notebook and data theft. Master keyed options also protect against down-time caused by lost keys. You get - Unique locks and keys on each individual product in an order. Plus, one master key that can open all the locks in the order. Made of reinforced steel and Kevlar brand fiber this cable is 40% stronger and forms the first line of defense against notebook and data theft.

- Carbon tempered composite steel cable is strong and flexible
- 6' 5.5mm cable for easy installation and portability
- Locks into the standard Kensington security found in 99% of laptops, and many flat panel monitors, CPUs, projectors, printers, docking stations, tablet PCs and other devices
- Defense system guards against lock tampering
- T-Bar™ lock provides superior lock strength and theft protection
- Low profile design doesn't block other ports or lift standard laptops off the desk
- Ships with two user keys per lock. Master keys available separately at www.kensington.com/ondemandkey

ClickSafe® Combination Laptop Locks - Master Access On-Demand - ComboGenie

Eliminate the risk of forgotten or reset combinations while ensuring a higher level of security. The Kensington ClickSafe® Combination ComboGenie employs two-factor authentication to allow administrators with both the ComboGenie and proper administrator’s code to discover the combination for all locks within their scope. Using the ComboGenie the administrator can open any of the Kensington ClickSafe® Combination Master Coded Combination Laptop Locks (sold separately) being managed by the administrator. The result is greater security, reliability and reduced downtime from lost or forgotten combinations.

- Combo Genie’s two-factor authentication process allows for secure combination recovery by authorized administrators
- Must be used with the ClickSafe Combination Laptop Lock on Demand (K64679US), the ClickSafe Combination Ultra Laptop Lock (K64681) or the ClickSafe Master Combination Expansion Loop (K64682)
- Required administrator code
- TAA Compliant

Locking Kit for Surface™ Studio

From the industry leader with 25 years of expertise in physical device security, Kensington worked with Microsoft's engineers to create a seamless locking solution for the groundbreaking Surface Studio to guard against theft. The kit consists of a lock adapter and the MiniSaver™ Keyed Lock that work together to keep the Surface Studio safe. As an official participant in Microsoft's Designed for Surface program, Kensington worked closely with the Surface team to ensure we created the strongest possible security solution. Cleat™ Locking Technology connects the lock to the adapter and a carbon steel cable anchors to a fixed object so the Surface Studio stays where it's supposed to stay.

- Lock Adapter attaches underneath the back section of the Surface Studio
- Cleat™ Locking Technology uses retracting "claws" to create a strong connection between the adapter and MiniSaver Lock
- Simple push-button engagement allows the Cleat to be inserted and locked into the security slot
- Carbon steel cable resists cutting attempts and anchors to desk, table or any fixed structure
- Pivot and rotate hinge provides great freedom of movement and easier key engagement
- Independently Verified & Tested for industry-leading standards in torque/pull, foreign implements, lock lifecycle, corrosion, key strength and other environmental conditions
- Register & Retrieve™ program allows you to order replacement keys

Biometric

SafeDome™ Cable Lock for iMac®

A computer as sleek as the iMac deserves a lock that combines style and strength. The SafeDome™ Cable Lock delivers with a design that complements the beautiful iMac aesthetics while providing the highest level of anti-theft security for public or multi-user settings like a library, lab, or school. The heavy-duty ClickSafe® lock provides superior anti-theft protection, and the extra strong cable ensures you have the flexibility to move your iMac around the desktop. SafeDome also helps clean up the desktop with a cable management pass-thru to organize cord clutter.

- Heavy-duty ClickSafe® lock secures with just one click with anti-pick technology to provide the highest level of security
- Sleek dome design securely attaches to iMac stand with complementary aesthetics
- Ultra steel cable is thicker than a standard cable for extra strength against cutting
- Easy to position and assemble lock
- Built-in cable management secures wired iMac accessories
- Won't interfere with iMac adjustability
- Compatible with iMac models from 2010 and later
- Compatible with 2010, 2011 & 2013 iMac model

Kensington® VeriMark™ Fingerprint Key Supporting Windows Hello™ & FIDO U2F for Universal 2nd Factor Authentication

Innovation, quality, and trust have made Kensington® the standard in device security for more than 25 years. Kensington is expanding that expertise to data security by introducing the world's first fingerprint security key to support Windows Hello™ and Fast IDentity Online (FIDO) universal 2nd-factor authentication (U2F) – the VeriMark™ Fingerprint Key. Engineered to provide simple, fast, and secure Windows logon and a seamless two factor authentication experience, the VeriMark Fingerprint Key protects against unauthorized access on compromised devices, while also offering unprecedented cybersecurity for today's cloud-based world.

- Advanced Fingerprint Technology combines superior biometric performance and 360° readability with anti-spoofing protection, while exceeding industry standards for False Rejection Rate (3%) and False Acceptance Rate (0.002%).
- Universal Integration provides scalable, out-of-the-box access for Windows computers and platforms, including biometric login for Windows Hello™.
- FIDO U2F Certified to ensure seamless interoperability and meet 2nd-factor security key logon requirements for cloudbased service and software providers, including Google, Dropbox, GitHub and Facebook.
- Password Manager Compatibility supports popular tools, like Dashlane, LastPass (Premium), Keeper (Premium) and Roboform, to allow the fingerprint to authenticate and automatically fill in usernames and passwords for websites.
- Compact design easily attaches to a standard keyring for convenient portability.

Kensington® AC12 Security Charging Cabinet for Chromebooks & Tablets

With more tablets, Chromebooks™, and 2-in-1 hybrids being deployed in classrooms, healthcare offices and retail or hospitality businesses, the need for a solution that can store, charge and secure those devices overnight is greater than ever. The AC12 Security Charging Cabinet features slide-out drawers that provide an easier check-in/check-out experience for teachers or administrators. The cabinet holds 12 devices measuring up to 14", and with the cabinet running on AC power, it can safely charge all 12 devices simultaneously.

- Lockable AC charging cabinet with individual sliding drawers for 12 devices
- Fits devices up to 14", including Chromebook™, Surface™/Surface Pro, MacBook Air®, iPad®, Galaxy® Tab and laptops
- Tamper-resistant, locking door opens wide for easy access
- Four rubber wheels allow cabinet to spin and roll in any direction
- Locking foot pedals on two front wheels ensure cabinet won't roll out of position
- AC power strip accommodates each device's own power cord
- Certifications and Compliance: RoHS, REACH, Prop65, WEEE, Green Dot, FCC, C TUV US, TUV Bauart, TUV CB, CE, RCM
- Individual lock keys included. Master access keys can be ordered.
- TAA Compliant

Device Charge & Sync Cabinets

Charge & Sync Cabinet, Universal Tablet

As more tablets are deployed into classrooms, businesses and retail spaces, providing a convenient and secure storage location is becoming a big need. Luckily, Kensington has the perfect answer with the new Charge & Sync Cabinet, Universal Tablet. With space for up to 10 tablets including iPads, Galaxy Tabs, Kindles and more, the cabinet is the perfect place to charge the tablets after everyone has gone home for the day so they're powered up and ready in the morning. Plus, with adjustable drawers, each bay can accommodate tablets in a protective rugged case. Stack up to three cabinets and you've got storage for up to 30 tablets in one classroom. A tamper-resistant, retracting front door offers security with customized key access, and the included mounting plate or cable lock keeps the cabinet in place.

- Holds up to 10 tablets for secured storage, charging and syncing
- Stack up to 3 cabinets and sync up to 30 tablets with a separate USB hub. USB cable included.
- Adjustable shelves allows for tablets in their protective rugged cases
- Can hold iPads, Galaxy Tabs, Kindles, and other iOS and Android devices
- Secures to table with mounting plate or cable lock
- Tamper-resistant, retracting door opens wide for easy access
- Built-in cooling fan to avoid overheating charging tablets
- Individual lock keys included. Master Access keys can be ordered.
- TAA Compliant

Kensington® Secure Cabinet Trolley

When it's more convenient to move your tablets to the users than have the users come to the tablets, there's no better solution than the Secure Cabinet Trolley. Designed to hold up to two Kensington Charge & Sync Cabinets, Universal Tablet, the trolley allows you to mount the cabinets directly to the platform for a secure ride. The trolley has free-spinning wheels so it can be rolled in any direction for greater versatility, with dual pedal locks that severely limit the trolley's ability to move when engaged. And with each cabinet holding up to 10 tablets, the trolley lets you easily transport 20 tablets at a time.

- Four rubber wheels allow trolley to spin and roll in any direction
- Locking pedals on two front wheels ensures trolley won't roll out of position
- Mounting platform allows you to secure Charge& Sync Cabinet, Universal Tablet (K67862AM) directly to trolley
- Two cabinets can be stacked on trolley so up to 20 tablets can be moved at a time
- TAA Compliant

SecureBack™ Rugged Case for Square Readers - 9.7-inch iPad models

Designed to protect your iPad® from just about anything in a mobile point-of-sale environment, the Kensington SecureBack™ Rugged Case for Square™ Readers provides integrated protection for the Square chip and contactless reader, and the Square magstripe reader. The dual layer construction offers maximum drop protection while the raised bezel edging guards against screen scratches. The rotating hand strap and shoulder strap make it easy to carry, and a built-in anchor lets you quickly attach a ClickSafe® lock (sold separately) to deter any theft attempts.

- Rugged Dual Layer Construction offers maximum protection for your iPad and connected readers using a strong, cushioned layer of rubber with a raised bezel edge to protect the corners, back and screen from drops, bumps and scratches.
- Integrated Reader Protection provides durable protection for the Square chip and contactless reader, and support for the Square magstripe reader.
- Rotating Hand Strap & Padded Shoulder Strap make it convenient to hold and use with the flexibility to accommodate vertical or horizontal viewing, and hands-free carrying.
- Non-Slip Grip provided by the rubberized texture makes the case easier to hold and prevents it from sliding off a table or desk.
- Tamper Prevention Cover Plates provide additional security for the power button and volume controls, reducing chances of an unauthorized user gaining access, while also keeping ports dust-free.
- Built-in ClickSafe® Anchor accommodates a ClickSafe cable lock (sold separately) to provide industry-leading theft protection for your iPad.

Tablet/POS Stands & Enclosures

SecureBack™ Enclosure for 9.7-inch iPad® models

Add security and strength to your system while maintaining the sleek, lightweight profile of the iPad Air or iPad Air 2. Tablet systems are providing a host of opportunities for businesses like warehouses, retail stores, hotels, and other hospitality outlets. The tablet’s versatility is perfect for taking inventory, queue busting, checking parts, working on the floor, or offering interactive customer engagement. This new enclosure is ideal in any environment because it elevates service and provides new opportunities for data access.

- Preserves iPad Air aesthetics and mobility while adding security and protection
- ClickSafe® enabled, securing in one click with a ClickSafe lock (sold separately)
- Power cord routing keeps cables out of the way
- Cover plates for power button and volume control prevent tampering
- Compatible with VESA (75mm) attached accessories such as the Adjustable Kickstand (K67786WW) or Rotating Hand Strap (K67832WW)

Countertop Tablet Stand for SecureBack — Black

Restaurants, hotels, and other businesses are discovering that the iPad® makes a great Point of Sale tool. But unfortunately, they're also discovering that securing that expensive iPad from thieves can be a real security challenge. The smart solution is the Kensington Countertop Tablet Stand for SecureBack™. It's the perfect way for businesses to secure an iPad without interfering with the user experience. The stand is sturdily constructed of solid metal and features a VESA mounting plate allows the SecureBack Enclosure (sold separately) to be mounted in landscape or portrait mode. It also pivots and swivels through a very wide range for easy user engagement. And using the included ClickSafe™ Security Anchor, it quickly and easily snaps to a ClickSafe Lock for an additional layer of protection.

- Attached VESA mounting plate allows SecureBack M Series Enclosure to be mounted in portrait or landscape mode.
- Convenient opening aids in clean cable management
- Compatible with SecureBack M Series Modular Enclosures for iPad® 2/3/4 and iPad Air™ (sold separately)
- ClickSafe™ anchor makes adding ClickSafe lock for additional security fast and simple
- Built-in tabletop mounting holes
- TAA Compliant

WindFall Stands and Frames for Tablets

WindFall® Tablet Frame by Heckler Design®

The WindFall Frame for tablets features commercial-grade construction and tamper-resistant assembly that's perfect for retail locations and the hospitality industry. Most ports, switches and buttons remain accessible and functional with the exception of the volume and mute buttons (but they remain accessible through on-screen controls). With the WindFall Frame, it's now easy and inexpensive to install secure, interactive information kiosks throughout your retail space.

*Mounting arm not included

- Sturdy and secure design integrates high-quality construction with tamper-resistant features
- Highly versatile mounting options allows you to place the frame and tablet in wide variety of locations in your store
- Slim profile accentuates the sleek tablet and provides a modern, distinctive look
- Made in the USA
- Additional colors available

WindFall® Tablet Console by Heckler Design

Get more facetime with your customers with the WindFall Tablet Console. This enclosure secures your tablet at an ergonomic angle for comfortable viewing and on-screen typing. The design also neatly stores power cords, USB hubs and other cables so they're out of sight to reduce countertop clutter.

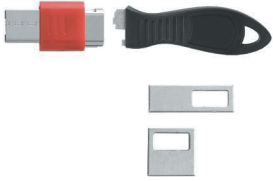

- Low profile blends beautifully with a wide variety of retail and hospitality environments
- Features Kensington Security Slot™ so you can attach a ClickSafe® cable lock and tether to a fixed structure (lock sold separately)
- Heavy steel construction and tamper-resistant screws provide an additional layer of theft protection
- Credit card reader inserts low and parallel to the checkout counter, offering equal access to you and your customers
- Made in the USA
- Additional colors available

USB Port Locks

USB Port Blocker

Reduce the risk of data leakage, data theft and unauthorized uploads with a software-free solution that physically blocks USB ports from unauthorized access. The Kensington USB Port Lock with Blockers has the ability to block multiple adjacent ports with one lock and allow continued secure use of authorized USB devices.

- USB lock prevents unauthorized data transfer through USB ports, reducing the risk of data leakage, data theft, computer viruses and malware by physically locking and blocking the USB Ports.
- Just plug into the USB port and push the button to lock. No technical experience necessary.
- One USB Port Block blocks a port adjacent to a USB Port Lock
- A USB Port Block used with a single USB Port Lock prevents access to adjacent ports with either vertical or horizontal orientation
- If you already have encryption software in place, the added layer of physical security is additional insurance against data theft
- Physically protects valuable data without the complication, installation, maintenance, and upgrade costs of software
- Stop thieves before they start with a visible sign that you're being protected
- Near universally compatible, they fit into the USB ports of most devices but we strongly recommend asking for a sample to ensure a proper fit
- TAA Compliant

USB Port Blocker + Cable Guard - Horizontal

Reduce the risk of data leakage, data theft and unauthorized uploads with a software-free solution that physically blocks USB ports from unauthorized access. The Kensington USB Port Lock with Cable Guard - Rectangular has the ability to block multiple adjacent ports, one with an active USB device such as keyboard or mouse with one lock, allowing continued secure use of authorized USB devices.

- USB lock prevents unauthorized data transfer through USB ports, reducing the risk of data leakage, data theft, computer viruses and malware by physically locking and blocking the USB Ports.
- Just plug into the USB port and push the button to lock. No technical experience necessary.
- One USB Cable Guard captures and locks in a USB Cable (for a keyboard or mouse) in a port adjacent to a USB Port Lock
- A USB Port Block used with a single USB Port Lock prevents access to adjacent ports with either vertical or horizontal orientation
- If you already have encryption software in place, the added layer of physical security is additional insurance against data theft
- The USB Cable Guard used with the USB Port Lock allows secured use of an authorized USB device by capturing the device's cable and locking it into the USB port
- Physically protects valuable data without the complication, installation, maintenance, and upgrade costs of software
- Stop thieves before the start with a visible sign that you're being protected

Lock Anchor Points & Accessories

Bloqueador de puertos USB + Protector para cables - Vertical

Reduce the risk of data leakage, data theft and unauthorized uploads with a software-free solution that physically blocks USB ports from unauthorized access. The USB Port Lock with Cable Guard - Square has the ability to block multiple adjacent ports, one with an active USB device such as keyboard or mouse with one lock, allowing continued secure use of authorized USB devices.

- USB lock prevents unauthorized data transfer through USB ports, reducing the risk of data leakage, data theft, computer viruses and malware by physically locking and blocking the USB Ports.
- Just plug into the USB port and push the button to lock. No technical experience necessary.
- One USB Cable Guard captures and locks in a USB Cable (for a keyboard or mouse) in a port adjacent to a USB Port Lock
- A USB Port Block used with a single USB Port Lock prevents access to adjacent ports with either vertical or horizontal orientation
- If you already have encryption software in place, the added layer of physical security is additional insurance against data theft
- The USB Cable Guard used with the USB Port Lock allows secured use of an authorized USB device by capturing the device's cable and locking it into the USB port
- Physically protects valuable data without the complication, installation, maintenance, and upgrade costs of software
- Stop thieves before the start with a visible sign that you're being protected

LM670 15.6" Laptop Tote

From the brand that's the choice of professionals, Kensington's LM670 15.6" Laptop Tote offers an elegant carry experience that will appeal to business users looking for a sleeker design. It features a faux leather exterior and provides all the space needed to carry a laptop, tablet, smartphone and other personal items. The laptop device compartment is padded and an organizer section provides the perfect place to store business cards, pens and other office accessories like charging cables. A wheeled luggage pass-thru is ideal when traveling, letting you attach the tote to the extended handle of a roller bag so it won't fall off while you're in transit.

- Sleeker design still offers ample space for your workday essentials so you can stay organized
- Faux leather exterior provides a stylish, modern and professional look
- Padded device compartment can accommodate a 15.6" laptop, plus there's also room for 10" tablet
- Wheeled luggage pass-thru conveniently attaches to extended handle on a rolling bag
- Organizer pocket can hold a smartphone, business cards and pens
- Adjustable carry handles make it easy to carry on your arm or shoulder
- Zipper closure ensures your belongings stay in the tote and creates an anti-theft deterrent

Contour™ Laptop Case - 15.6"/39.6cm - Black

Designed with certified ergonomists, the SkyRunner® Contour notebook case offers unique, ergonomic comfort without sacrificing the robust padding needed to give you superb laptop protection. Its exclusive ergonomic design features a body-hugging contour panel that helps reduce the effective weight of the case and its contents by 35%, making this comfortable carrier the singular choice to properly protect your belongings.

- Body-hugging contour panel helps reduce shoulder and neck muscle fatigue by 35% (patent-pending).
- Ergonomically-designed handles help distribute force evenly across all your fingers, making it far easier to carry. Its rigid, nesting handles come together as one -- and stay together regardless of how much the bag is filled.
- Innovative, shock-absorbing shoulder strap is contoured for a tight, comfortable fit, and features a special material that keeps it snugly in place.
- SnugFit™ Laptop Protection compartment snugly envelops your laptop, regardless of size, with a thick layer of protective padding, keeping your laptop safe and secure.
- Easy-access compartment provides on-the-go access to aircraft tickets, passports, your favorite book, etc.
- Outer case is made from 1680 Denier Ballistic Nylon, offering military-grade protection against abrasions, punctures, and tears.
- Unique layout of front pockets allows for easy organization and access to your belongings.
- Secure rear compartment behind Contour Panel keeps peripherals from poking you.

Kensington® Ultimate Presenter™ with Virtual Pointer for TV displays, multi-screen, digital, laser-free, and bright-light environments

The Kensington Ultimate Presenter™ with Virtual Pointer is an innovative presentation tool that works for a variety of environments and screens. Overcoming the shortcomings associated with traditional laser pointers, such as bright LED screens or safety restrictions, the Ultimate Presenter is optimized for use in conference rooms with TV displays, online meetings with remote participants, and large auditoriums with multiple presentation screens. Complemented by versatile storage options and the KensingtonWorks™ software, the Ultimate Presenter is the ideal presentation tool for today's digital world. Optimized to work with macOS®, Windows®, and leading presentation software such as PowerPoint®, Keynote®, Adobe® PDF and Google® Slides.

- Wireless presentation remote with Laser-free Digital Pointer will not wash out on TV displays or bright LED screens and is ideal for environments where laser pointers are not feasible.
- Virtual Pointer Technology allows pointer to be viewed on a variety of presentation screens simultaneously including traditional projection screens, TV displays, bright LED screens, and smart boards – ideal for conference rooms and auditoriums with multiple screens.
- Online Meeting Compatibility allows remote participants to see the pointer onscreen when using web meeting tools like WebEx®, GoToMeeting®, Skype™, and join.me®
- KensingtonWorks™ Software enables customization of pointer size, shape and speed to suit your presentation style
- Ergonomist Approved Design features a contoured shape to minimize wrist twist and maximize comfort with an intuitive 4-button layout.
- 2.4GHz Receiver with MicroSD Card provides up to 20 meters (65ft) of wireless range, expandability to 32GB of memory, and a plug & play user experience. For optimal wireless range, plug receiver directly into host presentation device (e.g. laptop, desktop PC). Actual wireless range may vary with users' configuration and environmental conditions.
- Windows® & Mac® Compatible to support PowerPoint®, Keynote®, Adobe® PDF & Google® Slides

Wireless Presentation Remotes

Presenter Expert

Take control of the room—and your computer’s cursor— with the Kensington Presenter Expert with Cursor Control. Sometimes pointing just isn’t enough. With a simple flick of a switch, you’ll toggle between presentation and cursor control modes.

- Cursor control joystick lets you use the presenter like a mouse, moving cursor up/down and left/right.
- Green laser pointer is 10x brighter than a red laser so can make your point on LCD/LED screens
- Backlit button controls move slides forward/back, black out screen and activate the green laser pointer
- Extended 150-foot wireless range to roam the room
- Internal storage for wireless USB receiver so it won’t get lost
- Plug & Play 2.4GHz USB wireless connection
- Comfortable grip with special contours for the hand
- Compatible with Windows 10, 8.1, 8, 7 and Mac OS X

Kensington® PresentAir Pro™ Bluetooth® 4.0 LE Presenter with Red Laser and Stylus for Windows 8.1 and Android 4.4 laptops and tablets

Featuring the latest in wireless technology, the PresentAir Pro Bluetooth 4.0 LE Presenter has everything you need to present with confidence and so much more. With USB ports at a premium on today's ultra-thin devices, the PresentAir Pro uses Bluetooth 4.0 LE technology to pair with your device. The PresentAir Pro buttons offer three modes — Presenter, Media and Custom — so you can select the button functions that work best for what you're doing. Download the free PresenterWorks™ app and discover all the options the Custom mode has to offer. The sleek design fits right in your pocket or you can place it into a pen/stylus holder. The presenter also works as a touch-activated stylus, and the red laser can call attention to any part of your presentation. The included carrying case provides convenient storage that protects the PresentAir Pro from scratches.

- Bluetooth® 4.0 LE technology frees up a USB port
- 3 modes (Presenter, Media & Custom) to optimize your button functions
- PresenterWorks™ app lets you set Custom Mode to your preferred button functions
- Ultra-slim design fits into a pocket or pen/stylus holder
- Red laser helps make a point during presentation
- Touch-activated stylus tip
- Includes carrying case with soft, cushioned interior
- Compatible with Android™ 4.4 and above, Windows® 8.1 and above, and iOS 8* and above (*Presenter mode only supports PowerPoint)

Wireless Presentation Remotes

Presenter Expert™ Wireless Cursor Control with Green Laser and Memory

Own what professionals use to take control of the room — and a laptop's cursor — with the Expert Wireless Presenter Expert with Green Laser Pointer, Cursor Control & 8GB Memory. The presenter stores your PowerPoint or Keynote files on the 8GB Micro SD card that fits into the wireless USB receiver. With a simple flick of a switch, you toggle between presentation and cursor control modes. Make your point with a green laser that's 10 times brighter than standard red lasers, ideal for bigger rooms and LED/LCD screens. The highly reliable 2.4GHz receiver resists device interference and gives you control from up to 150 feet away.

- 8GB Micro SD card stores presentations, fits inside wireless receiver
- Cursor control joystick lets you use the presenter like a mouse, moving cursor up/down and left/right.
- Green laser pointer is 10x brighter than a red laser so can make your point on LCD/LED screens
- Backlit button controls move slides forward/back, black out screen and activate the green laser pointer
- Extended 150-foot wireless range to roam the room
- Internal storage for wireless USB receiver so it won't get lost

Kensington Wireless Presenter with Red Laser

Professionals count on Kensington for control of their presentations. With a highly reliable wireless connection and intuitive controls, this remote allows you to focus on what matters most — making an effective presentation. With a 4-button layout, you can easily go forward and back on your PowerPoint® or Keynote® slides, while the other two buttons offer a screen blackout option and a red laser pointer. The wireless 2.4GHz receiver stores conveniently inside the remote, and since it's uniquely paired, you don't have to worry about device interference.

- Intuitive 4-button controls for forward, back, blackout, and play for a slideshow
- Red laser pointer
- 65-foot wireless range
- Internal storage for wireless USB receiver so it won't get lost
- Compatible with Windows 10, 8.1, 8, 7 and Mac OS X
- Plug and play simplicity requires no setup
- Provides forward and back control of PowerPoint® and Keynote® with no drivers needed
- Laser Pointer - see instruction guide for laser pointer safety information
- Rubber textured grip

Trackballs

SlimBlade™ Trackball

Comfort and productivity are at your fingertips with the SlimBlade Trackball. Your computing experience gets smoother, faster and easier with a ball that can do it all. In addition to the usual productivity gains that come with a trackball, with a simple twist of the ball, you'll be scrolling up and down pages. It offers better ergonomics, with less wrist and hand movement that will ease the pain of repetitive-stress injuries. TrackballWorks also allows you to turn your trackball into the ultimate media controller so you can adjust volume, hit play/pause, stop, and forward/back. The sleek, low-profile design provides all-day comfort while advanced laser technology and a large 55mm ball deliver exceptional precision.

- Scroll up and down web pages and documents with a simple twist of the 55mm ball
- Sleek, low-profile design offers all-day comfort along with beautiful aesthetics
- Laser tracking technology delivers superior precision for increased productivity
- Ambidextrous design ideal for both right-handed and left-handed users
- Free TrackballWorks™ software allows you to customize buttons, cursor and scrolling speeds
- Wired 150cm USB cable provides reliability and avoids need for batteries
- Plug & Play installation
- Ambidextrous design for left or right-handed users
- Luxurious Ruby red trackball and metallic silver finish
- PC and Mac® compatible
- Compatible with Windows Vista® and Mac OS® X. TrackballWorks™ software downloadable from www.kensington.com

Universal Laptop Docking Stations

Kensington® SD5000T Thunderbolt™ 3 Docking Station for Data Speeds up to 40Gbps

For over 35 years, Kensington has been The Professionals' Choice for desktop productivity solutions. Continuously supporting the most advanced technology, Kensington has engineered the game-changing SD5000T Thunderbolt 3 Docking Station. Whether you're a video editor, graphic designer, content creator, gamer, or just someone who wants to simplify a 4K workspace, you get more—more speed, more pixels, more power, and more possibilities. Accommodating a single Thunderbolt 3 cable carrying up to 40Gbps of data, which is enough bandwidth to simultaneously run two 4K monitors at 60fps, while also providing up to 85W of laptop charging, the SD5000T Thunderbolt 3 Docking Station is a power user's solution for hyper-productivity.

- "Thunderbolt™ 3 Technology brings the speed and versatility of Thunderbolt to USB-C by allowing a single compact port to do it all – providing connectivity to Thunderbolt devices, billions of USB devices, and any display – all while supplying power".
- 4K for Dual Monitors provides the crisp resolution, contrast and color depth of Ultra HD simultaneously on two monitors (4096 x 2160 30bpp @ 60 Hz) via DisplayPort and a USB-C video adapter.
- 85W Power Delivery to charge the host device (Host device must be designed to support Power Delivery for dock to provide charging).
- DisplayPort++ allows connection to 4K monitors via DisplayPort or optional passive adapters to connect to monitors with HDMI or DVI.
- USB Ports/2.1A Charging Port extends productivity capabilities to peripheral accessories via one USB-C 5Gbps port, and two USB 3.0 ports, one of which is a 2.1A charging port to power up a tablet or smartphone.
- Zero Footprint Mounting provides the option to attach the dock to the back of any VESA-compatible external monitor to accommodate space-challenged workspaces (mounting plate (K33959WW) sold separately).
- Daisy Chaining allows connection for up to 5 additional Thunderbolt-enabled devices for unparalleled productivity from a single Thunderbolt 3 port.
- Kensington Security Slot protects your technology investment via easy implementation of a cable lock from the #1 brand in physical device security.
- Gigabit Ethernet Port provides a reliable 1Gb wired networking connection between computers or the Internet.
- 3.5mm Headphone & Microphone Jacks provide quick access to plug & play accessories.

Kensington® SD1500 USB-C™ Mobile Dock

Designed for mobile professionals, the SD1500 USB-C™ Mobile Dock is ideal when you're traveling and need a productive desktop environment. The dock allows your USB-C laptop to display video out to a 4K or 1080p HD monitor or projector, connect via Ethernet to a wired network and offers USB port expansion for a mouse, keyboard or memory device. The industrial design allows the USB-C cable to be stowed neatly into the dock when it's not in use, providing better mobility. The docking station is compatible with Windows, Mac and Chrome systems, as well as Thunderbolt™ 3 ports.

- 4K HDMI or HD VGA Video Output to an external monitor, TV or projector (Host device must support DisplayPort™ Alt Mode over USB-C)
- Hideaway USB-C cable
- USB 3.0 port for peripheral accessory expansion
- Gigabit Ethernet port for a reliable network connection (requires one-time LAN driver download at installation on Mac OS)
- Compact design easily fits into a laptop backpack or carrying case
- Thunderbolt™ 3 compatible
- User-upgradeable firmware for Windows assures up-to-date compatibility. (Your firmware is up to date.)
- Compatible with Windows® 10, 8.1, Chrome OS®, and Mac OS® X 10.10 or later

Universal Laptop Docking Stations

Kensington® SD3650 Universal USB 3.0 Mountable Docking Station for Windows®

Preserve the convenience of one-cable connectivity to your entire desktop setup with the SD3650 Universal USB 3.0 Docking Station from Kensington, a trusted leader in productivity solutions for more than 30 years. What makes the SD3650 unique from the SD3600 is that you can output dual HD video using DisplayPort and HDMI ports, plus we increased the USB 3.0 accessory expansion ports to four, ideal for a flash drive so it can transfer data at 5Gbps. The dock also features Zero Footprint Mounting, so it can be mounted to the back of a VESA-compatible monitor using a Docking Station Mount (sold separately), perfect for desks with limited space.

- Dual 1080p HD video to external monitor via HDMI and DisplayPort
- Dock Mounting Plate (K33959WW, sold separately) allows the dock to be placed on the back of a 100mm or 75mm VESA-compatible monitor
- 4 USB 3.0 ports that support high-speed data transfer up to 5Gbps
- One of front USB 3.0 ports doubles as a 2.1A fast charge port for a smartphone or tablet
- 2 rear USB 2.0 ports for peripheral accessories like a keyboard and mouse
- Extend and Mirror modes
- Display settings software allows you to easily make changes to your preferences
- Headphone and microphone jacks with Audio 2.0 for enhanced sound quality
- Gigabit Ethernet port for wired connectivity to a network or the Internet

Kensington® SD3600 Universal USB 3.0 Mountable Docking Station

Preserve the convenience of one-cable connectivity to your entire desktop setup with the SD3600 Universal Docking Station. We all take our laptops to meetings. With a universal dock from Kensington you can disconnect and reconnect your dual HD monitors, mouse, keyboard and all your other peripherals with a single USB cable. Plus, the dock is capable of mounting to the back of a monitor, leaving zero footprint on your desktop.

- Dual 1080p HD video to external monitor via HDMI, VGA or DVI
- 2 front USB 3.0 ports that support high-speed data transfer up to 5Gbps
- 4 rear USB 2.0 ports for peripheral accessories like a keyboard and mouse
- VESA mounting plate (sold separately) allows the dock to be taken off the desktop and placed on the back of an external monitor
- Display settings software allow you to easily make changes to your preferences
- Headphone and microphone jacks with Audio 2.0 for enhanced sound quality
- Gigabit Ethernet port for wired connectivity to a network or the Internet

Kensington Docking Station VESA-Compatible Mounting Plate

If you're incorporating a Kensington Docking Station into your system, such as the SD3600, but you have limited desktop space, the Docking Station Mounting Plate is the ideal complement. It allows you to mount the dock on the back of your VESA-compatible monitor even if it's attached to a monitor arm. The mounting plate also has special slots that let you adjust the placement of the dock to your preferred location.

- Allows you to mount a docking station, like the SD3600, on the back of your monitor
- Compatible with monitors featuring either 75mm or 100mm VESA layout
- Adjustable during installation to place the dock at your desired height setting

SD3500v USB 3.0 Universal Docking Station

Ultra-thin laptops and 2-in-1 convertibles like the Microsoft Surface Pro offer great mobile productivity and sleek good looks. But that also means they usually come up short on connectivity ports. As a result, you're constantly plugging and unplugging peripherals. That's where the SD3500v USB 3.0 Universal Docking Station comes in. It turns one USB port into six so you have access to all your peripherals, including keyboard, mouse, printer and external hard drive. And with dual HD video output, you can add two external monitors to boost productivity. The dock's two USB 3.0 ports support super-speed data transfer of up to 5 Gbps.

- Dual HD video output via HDMI, VGA or DVI connections
- Optimized for Windows laptops and 2-in-1 convertibles to turn one USB port into 6
- Universal USB connection for hassle-free setup
- Super-speed data transfer of up to 5 Gbps
- Gigabit Ethernet connection for wired network and Internet access
- Audio 2.0 for enhanced sound
- Tower design for smaller desktop footprint
- DVI-to-VGA and DVI-to-HDMI adapters included for greater monitor compatibility
- Built-in Kensington Security Slot
- Corporate Install feature allows administrators to install the graphics driver over a Microsoft® server

USB-C™ 1-Meter Cable for the SD4500 and SD4600P Docking Stations

When you need a flexible and reliable connection between your host device and Kensington USB-C docking station, this 1-meter cable is the solution. Designed for desktop environments where your dock and laptop are not in close proximity. The cable is capable of carrying 4K video, data and up to 60 watts of charging for host devices that support USB-C Power Delivery (PD).

(Not all USB-C devices are configured the same, so it's important to understand your host device's USB-C capabilities to ensure this cable will meet your expectations when plugged into a Kensington USB-C docking station.)

- 1-meter (3.1 feet) cable that can carry 4K video, data and up to 60W of charging to host devices that support Power Delivery (PD)
- Ideal for connecting a USB-C host device to a Kensington SD4500 or SD4600P USB-C Docking Station when mounting to the back of a monitor
- Host device must support DisplayPort Alt Mode over USB-C for video output to an external monitor
- Compatible only with USB-C host devices running Windows 10, 8.1, Mac OS X 10.10 and later, or Chrome OS

USB Hubs & Adapters

Kensington CH1000 USB-C 4-Port Hub

The CH1000 USB-C 4-Port Hub is the simple, easy way to expand the connectivity of your USB-C device. Connect your peripherals like a mouse, keyboard or flash drive using the three USB-A ports, while using the single USB-C port to connect a smartphone or tablet that features the new style of port. The hub offers USB 3.1 Gen 1 technology, supporting data transfer speeds up to 5 Gbps. With Plug & Play installation, all your accessories will be up and running quickly, and the compact design means it can be easily packed up and taken with you on the road.

- Hub offers 3 USB-A ports and 1 USB-C port for simple device expansion
- USB 3.1 Gen 1 technology for SuperSpeed data transfer and syncing up to 5 Gbps, which is 10x faster than USB 2.0
- Plug & Play installation with no drivers
- Compact design makes the hub highly portable
- Compatible with Windows 10, 8.1, Mac OS X 10.10 and Chrome OS 44
- Hub does not support Power Delivery or DisplayPort Alternate Mode

Kensington UH4000 USB 3.0 4-Port Hub for Windows and Mac

With USB ports on laptops becoming a precious commodity, an external hub can be the answer to maintaining optimal productivity. The UH4000 USB 3.0 4-Port Hub ensures you can connect all your peripheral desktop accessories so you can perform at your peak. Leveraging USB 3.0 technology, each of the four ports can support lightning fast transfer speeds so you can work more efficiently. And because there are no drivers to download, simply insert the USB cable on the hub into your laptop and you're ready to go.

- Add 4 USB ports for simple device expansion
- USB 3.0 technology for transfer speeds up to 5 Gbps, which is 10x faster than USB 2.0
- Plug & Play installation with no drivers
- Compatible with systems running Windows® 8.1/8/7/Vista/XP; Mac OS® X 10.6 or later

UH7000C USB 3.0 7-Port Hub & Charger — Black

With USB ports on laptops becoming a precious commodity, an external hub can be the answer to maintaining optimal productivity. The UH7000C USB 3.0 7-Port Hub & Charger ensures you can connect all your peripheral desktop accessories to your laptop, as well as quickly charge your smartphone or tablet. Leveraging USB 3.0 technology, each of the seven ports can support lightning fast transfer speeds so you can work more efficiently. The ports also double as chargers, ensuring the battery on your favorite devices never runs out. With 4 AMPs available, you can use any of the ports to provide a fast charge for up to two tablets, a tablet and a smartphone, or any other combination of low power devices. Because there are no drivers to download, simply insert the USB cable it into your laptop, plug in the power cord, and you're ready to go.

- Add 7 USB ports for simple device expansion
- USB 3.0 for data speeds up to 5 Gbps, which is 10x faster than USB 2.0
- 4 AMPs are available to fast charge smartphones and/or tablets when hub is plugged into a wall outlet for external power
- Plug & Play installation with no driver downloads necessary
- Compatible with systems running Windows® 8.1/8/7/Vista/XP and Mac OS® X 10.6 or later
- Charging ports are compliant with USB BC 1.2 standard and compatible with BC 1.2 devices such as iPad® 4th gen, iPad Air™ and iPad mini (check your device specs)

Kensington Bluetooth 4.0 USB Adapter

Even though Bluetooth technology is a widely used wireless technology on mobile devices and peripheral accessories, many laptops don't have the capability to connect with them. The Kensington Bluetooth® 4.0 USB Adapter is a professional-level solution — and a very small one at that. Simply plug the adapter into a USB port on your PC and you're ready to connect wirelessly with a Bluetooth keyboard, mouse, smartphone, tablet, printer, headset, presenter and much more. The adapter is up to 6 times smaller than a typical Bluetooth adapter, so you can leave it in your laptop's USB port without interfering with its portability.

- Supports Bluetooth 4.0, 2.1, 2.0, 1.2 and 1.1
- Allows computer to connect to Bluetooth-enabled accessories and mobile devices
- Up to six times smaller than a typical Bluetooth adapter, so it can stay in your laptop's USB port without causing portability issues
- Plug & Play on Windows 10 (may require download on Windows 8, 7)
- Ideal for desktops with limited space, reduces wired clutter
- Compatible with Windows® 10, 8.1, 8 and 7
- Works with most Bluetooth-enabled devices (v1.1, v1.2, v2.0, v2.1 and the latest v4.0 devices) and computers running Windows® 8, Windows® 7, Windows® Vista with an available USB 2.0 or 1.2 port

Standing Desk Solutions

Kensington® SmartFit® Sit/Stand Desk

For more than 35 years, innovation, quality, and trust have made Kensington The Professionals' Choice in desktop productivity solutions. Incorporating Kensington's patented technology to ensure proper fit, the SmartFit® Sit/Stand Desk provides an efficient and safe way to convert your desk into a healthy sit-stand workstation using a convenient desk-on-desk design. Strong and stable at any height, while using a pneumatic lift to effortlessly raise and lower your workspace within a space-saving footprint, the Kensington SmartFit® Sit/Stand Desk delivers optimal productivity and ergonomic support.

- Fully Assembled setup is ready to use out-of-the-box
- Professional Two-Tier Structure provides a 35.4in (900mm) wide main desk surface with plenty of room for a dual monitor setup, documents & other desktop accessories, an integrated keyboard & mouse deck, and ergonomically-designed beveled edges to help reduce contact stress
- SmartFit™ System simplifies ideal ergonomic height positioning using scientifically proven research to help prevent injury and increase comfort
- Pneumatic Lift with Tension Adjustment System allows you to easily adjust lift tension based on the workstation's weight load for smooth and effortless adjustment between sitting and standing positions
- Space-Saving Design allows the workstation to move straight up and down within its own footprint
- 22.8in (580mm) Height Extension accommodates the needs of taller individuals with a sturdy and stable workstation even when fully extended
- 35lb (15.9kg) Weight Capacity supports up to 30lbs (13.6kg) on the main desk surface and up to 5lbs (2.3kg) on the keyboard & mouse deck
- "Zero-Footprint Mounting Holes allow you to add a VESA Mounting Plate (K33959WW) to connect a compatible**Kensington docking station (sold separately)
- Cable Management System routes monitor and accessory cords to keep workstation tidy and uncluttered

Kensington® SmartFit® Sit/Stand Dual Monitor Workstation for up to 24" screens

As more health risks are revealed in relation to sitting too much during the workday, professionals are trusting the company with 20 years of ergonomic expertise and turning to the SmartFit® Sit/Stand Dual Monitor Workstation to improve their health and productivity. The workstation converts your traditional desk into a standing workspace with minimal changes to your current setup. A pneumatic lift and articulating arm help you quickly transition from sitting to standing, plus it swivels from side to side to help share the view of your monitor screens.

- SmartFit System allows you to measure, adjust and fit the workstation's articulating arm to your ideal comfort color setting
- Adjustable dual mounts allows you to slide the monitors left and right along both sides of the arm for a better fit
- Pneumatic lift lets you quickly and easily transition from sitting to standing
- Articulating arm has four pivot points so you can easily move the workstation up and down and side to side
- Height adjustable so you can set the monitors and the keyboard platform independently for the ideal viewing and typing settings
- Cable management channel routs accessory cords to keep workstation uncluttered
- Reinforced mounting clamp attaches quickly to the desktop
- Secondary platform provides a space-saving area for additional accessories
- Compatible with monitors up to 24" (Max weight of 22.5 lbs. for monitors and items on platforms)

Tablet Projection Stand

Kensington® SmartFit® Sit/Stand Workstation

As more health risks are revealed in relation to sitting too much during the workday, professionals are trusting the company with 20 years of ergonomic expertise and turning to the SmartFit® Sit/Stand Workstation to improve their health and productivity. The workstation installs quickly and converts your traditional desk into a standing workspace with minimal changes to your current setup. Because your needs may change in an instant, a pneumatic lift and articulating arm help you quickly transition from sitting to standing, allows you to swivel from side to side to share your monitor screen.

- SmartFit System allows you to measure, adjust and fit the workstation's articulating arm to your ideal comfort color setting
- Pneumatic lift lets you quickly and easily transition from sitting to standing
- Articulating arm has four pivot points so you can easily move the workstation up and down and side to side
- Height adjustable so you can set the monitor and the keyboard platform independently for the ideal viewing and typing settings
- Cable management channel routes accessory cords to keep workstation uncluttered
- Reinforced mounting clamp attaches quickly to the desktop

Kensington Tablet Projection Stand Clamp

Designed for users who want a more robust solution for their Tablet Projection Stand, the screw-mounted tabletop clamp essentially eliminates the chance the projection stand could topple over in the classroom. Simply unscrew the standard base that comes with the projection stand and replace it with the clamp, which is then hand-screwed to the edge of the tabletop to provide a higher level of stability.

- For use with Kensington Tablet Projection Stand (K97447WW)
- Replaces the standard tabletop base for the Tablet Projection Stand to provide a higher level of stability
- Clamp uses 4 screws to attach to the tablet projection stand
- Clamp attaches to the side of a tabletop and can be tightened or loosened by hand
- TAA Compliant

Rugged Cases

Tablet Projection Stand

Kensington, The Professionals' Choice™ for classroom and conference room digital learning support, has engineered the Tablet Projection Stand. Converting your tablet into an interactive presentation tool, the Tablet Projection Stand provides teachers and presenters multi-function use and flexibility to boost digital learning

- Sturdy, adjustable aluminum stand is stable yet lightweight, height adjustable, offers 180° pitch tilt and 360° rotation, and tightly secures tablet
- Easily converts your tablet into a presentation tool so you can show on a larger screen any object you want using the tablet's camera
- Connect and project by connecting a video cable to an projector, monitor or TV
- Universal fit accommodates 7"-11" tablets with or without cases
- Cable management system keep cords organized and create a less cluttered working environment
- TAA Compliant

Kensington® BlackBelt™ 2nd Degree Rugged Case for Surface™ Pro & Surface™ Pro 4

The Surface™ Pro & Surface™ Pro 4 are being touted as the perfect laptop replacement, offering an incredible combination of productivity and portability. Valuable mobile investments like that need to be protected. Our designers have worked closely with Microsoft as a member of the Designed for Surface program and created the BlackBelt 2nd Degree Rugged Case. It surrounds the Surface Pro device in military-grade drop protection with an integrated hand strap for worry-free carrying. The Type Cover can be easily attached or detached with the case on, and a strategic cutout preserves full functionality of the Surface kick stand.

- Strong, rugged polycarbonate body designed to meet military-grade MIL-STD-810G testing protocols for rugged protection against drops
- Integrated silicone hand strap for easier, worry-free sharing and collaborating
- Type Cover channel allows for fast attaching and detaching of keyboard without having to remove case
- QuickFold Design allows the Type Cover to be folded up the backside of the case
- Unobstructed access via strategically designed cutouts for Surface kick stand, ports, jacks and cameras
- Surface Pen Holder keeps it from going missing
- Type Cover strap keeps the keyboard closed over the tablet screen
- Textured exterior makes it easy to grip and prevents it from sliding off table or desk
- Raised bezel protects screen from damage and scratches

Kensington® BlackBelt™ Rugged Case for iPad® 9.7”

The iPad® is a popular device in the classroom, conference room, out in the field and used by families and the mobile professional. The BlackBelt™ Rugged Case is built with military-grade protection and with an infinitely variable kick stand for convenience. Take your device into any environment and get the perfect angle for whatever you are doing. The textured rubber creates a non-slip grip for all surfaces. Integrating a hand strap reduces the chances of accidental drops and makes the iPad® convenient and easy to carry wherever you are.

- Drop Test Certified (MIL-STD 810G) provides Military-Grade Protection with a defensive rugged body designed to meet the U.S. Department of Defense MIL-STD-810G testing protocols for drop impact
- Infinitely Variable Kick Stand is adaptable and increases comfort by reducing additional strain on the eyes, neck or wrists
- Integrated Silicone Hand Strap provides a worry-free convenient way to collaborate while incorporating mobility into your iPad®.
- Asset Tagging Area allows users to quickly identify devices reducing users losing or misplacing their devices in classroom or collaborative environments.
- Easy Access to All Ports and Buttons allowing you protection that does not sacrifice the ability to continue using all cables, headphones and other accessories
- Easy to Install Screen Protector provides protection for the screen no matter where you go and what you do.

Rugged Cases

Kensington® LS510 Portfolio for 11.6" Chromebooks

With Chromebooks becoming the most popular devices in classrooms, trust Kensington to provide a professional-grade solution that offers both a universal fit for 11.6" Chromebooks and drop protection. The LS510 Portfolio features EVA foam bumpers to cushion the device if it gets dropped, plus a beautiful faux leather cover and soft inner lining to prevent scratches. A magnetic flap that keeps the case closed so stray pens or pencils in your bag won't damage the Chromebook screen. Ventilation channels prevent overheating, there's access to the power jack and USB ports, and a flexible hand strap provides a convenient and safe way for students to carry the device.

- Protective solution that features EVA foam bumpers, a faux leather cover, soft inner lining and magnetic flap
- Ventilation channels ensure proper air flow to prevent overheating
- Strategic cutouts provide access to power jack and USB ports
- Hand strap provides convenient and safer option to carry the portfolio
- Stay-on straps for screen corners lift open the Chromebook, offer stability
- ID window quickly helps identify each student's device
- Fits into Kensington Charging Cabinets
- Inner rubber feet help prevent wear and tear

Universal Car Mount (3.74")

With the latest versions of smartphones getting bigger, the needs associated with a universal car mount have changed. The Kensington Universal Car Mount has adjustable side clamps that expand to fit even the largest phones and phablets, including the iPhone® 6 Plus and the Galaxy Note® 4, even when they're surrounded by a case. The mount installs quickly into any car through an oversized suction cup that attaches to the windshield or through a special attachment that fits into the air vents. A 12-inch flexible arm can be bent into a variety of angles so you set your device for optimal viewing. The phone cradle pivots, letting you position the phone into either a portrait or landscape orientation. And when you're at your destination and ready to go, the quick release button immediately opens the adjustable arms to free your device.

- Fits most smartphones and phablets, including iPhone® 6 Plus and Galaxy Note® 4, even when in a case
- Adjustable side clamps expand up to 3.74" (95mm) to fit your phone or other mobile device
- Universal mount designed to fit all cars and installs in seconds with either windshield or vent mount
- Oversized suction cup is strong enough for rough road conditions
- 12" flexible arm keeps your device in the optimal position
- One-button quick release lets you grab your device and go
- Adjustable legs provide stability and prevent your device from falling when released
- Cradle pivots for vertical or landscape modes

Xyron® Model 1255 Machine; 12" Wide

The Xyron® XM1255 is a cold (pressure sensitive) laminate that offers three solutions in one easy-to-use package. It applies laminate, adhesive or both to documents up to 11.75" wide. The aggressive adhesive, coupled with high pressure rollers, improves both transfer and bonding quality. The process requires no heat, eliminating smells, messes, and warm-up time. The Xyron® 1255 makes applying adhesive to mock-ups, storyboards, or comps fast and easy. It is perfect for home, classroom, offices, and more.

- Simply place item, turn handle, tear and peel item. It's that easy
- Hand crank operated, environmentally safe with removable, replaceable cutter
- Aggressive adhesive, coupled with high pressure rollers, improves both transfer and bonding qualities
- Cold lamination will allow for trimming right up to and even through documents without any peeling or lifting
- Pro Machines do not come preloaded to allow users to configure units to best suit their needs

Xyron® ezLaminator

Xyron® ezLaminator offers easy to use lamination technology for all of your lamination projects. This portable cold laminator is always ready because it requires no electricity, batteries or warm up time. The cold laminate is photo safe, allowing you to work without the worries of heat or toxic fumes. ezLaminator requires no pouches or pockets. Its easy drop-in cartridges allow for quick changes between projects and the high quality laminate is guaranteed not to peel. To laminate, simply slip your documents into the entry tray, crank the handle and trim with the attached trimmer. Uses existing ezLaminator Pro cartridges. Space saving design with lots of new features!

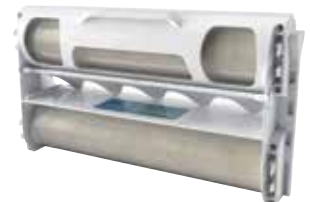

- Easy to Use – Place your item in machine and turn the handle.
- Flexible – multiple refill options to suit your project needs.
- Comes with a 15 ft. laminate cartridge
- Use your existing ezLaminator cartridges in this new model

Xyron® Mega Runner® Refill Cartridges

The Xyron® Mega Runner® Refill provides .50" or .25" wide x 100' of acid-free dot-matrix permanent adhesive, in a convenient drop-in cartridge. The super strong adhesive dots hold aggressively, but have no sling like solid tape runners! Works with Xyron and Teresa Collins Mega Runners.

- Quick change cartridge, just open the machine, remove used cartridge, drop-in new cartridge, and take-up excess slack.
- High tack, permanent dot matrix adhesive provides a strong bond that won't fail
- 100 feet of adhesive
- Non-toxic, acid-free, permanent adhesive
- Also works with Teresa Collins Mega Runner
