Fusion Nano-Clean™

Nanotechnology is the manipulation of matter at an atomic and molecular level. A nanometer is one-billionth of a meter, smaller than the wavelength of visible light and a hundred-thousandth the width of a human hair.

THE NEW SCIENCE OF CLEAN

Ink will not stain the surface; it is sealed at the nano level

What does it mean?

We have achieved substantial improvement in erasability and in durability over traditional painted steel dry-erase boards. This has resulted in lower maintenance costs and a longer lasting product.

NO MORE SURFACE STAINS

Nano-Clean Surface Ink cannot penetrate the surface as it is sealed at the nano level.

25 YEAR WARRANTY

NEW SMART kapp digital dry erase

THE DRY-ERASE BOARD REINVENTED

capture.
save.
share.

SMART kapp is a modern, sleek replacement for traditional dry-erase boards and flipcharts that enhances collaboration with Bluetooth® technology

Product Features

Real-time Sharing

Up to 250 people can be invited to view content from any browser, in real-time.

Easy Sharing

Save notes as snapshots on a mobile device and to your Evernote™, Google Drive™, Dropbox™ or other storage accounts for easy distribution.

Get Started Right Away

Put it up. Plug it in. Create. Installation is easy with no IT integration required.

Full Data Security

Protect your session with a PIN code.

EASY TO SET UP AND USE

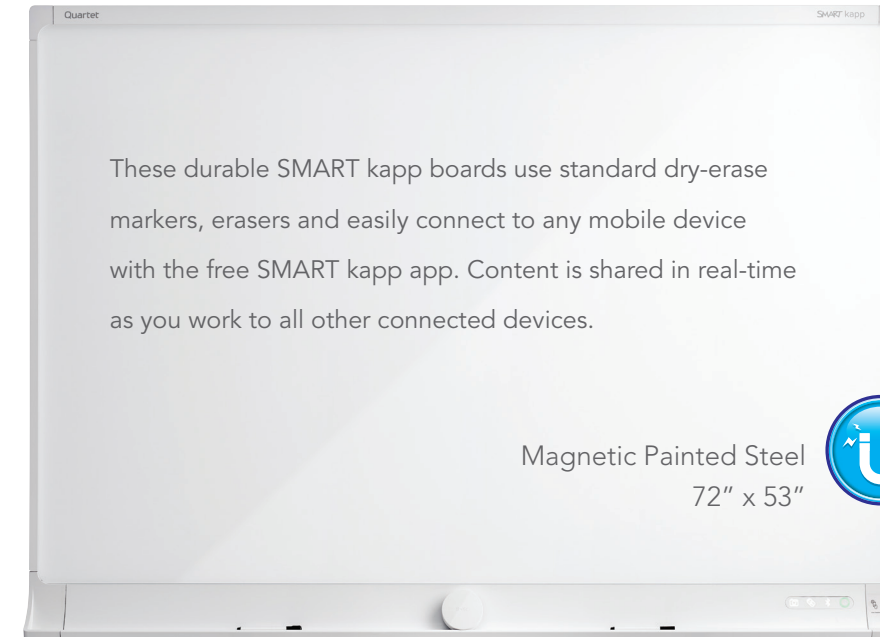

Download the free app & connect your mobile device

Share content in real-time

Save and distribute content as a PDF or JPEG

These durable SMART kapp boards use standard dry-erase markers, erasers and easily connect to any mobile device with the free SMART kapp app. Content is shared in real-time as you work to all other connected devices.

Anywhere™ Dry-Erase Sheets

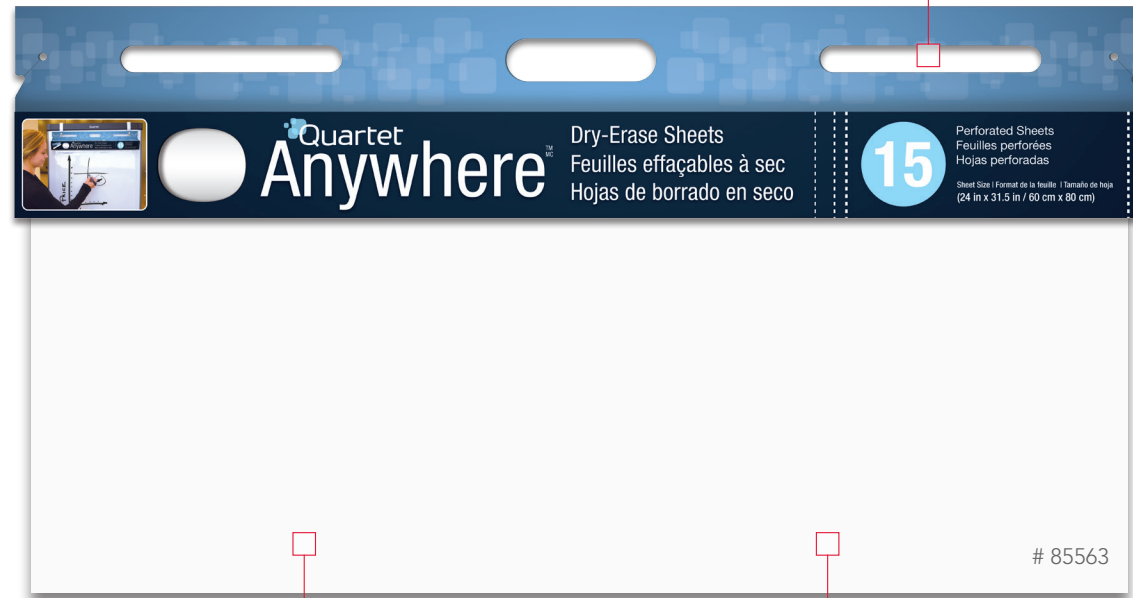

STICKS TO JUST ABOUT ANY FLAT SURFACE!

Dry-erase sheets are disposable and cling to just about any flat surface like a flipchart page, but can be written on with dry-erase marker that is easily wiped away.

Safe for all surfaces a static charge keeps the dry-erase sheets firmly in place. No adhesive residue left behind.

40 foot roll tears off into 15 sheets.

100% Satisfaction Guaranteed.

Quick and Easy. Die-cut holes are specifically designed to work with just about any easel.

Sticks Around. Static charge keeps each dry-erase sheet in place despite gravity.

Expand Your Surface. 40 foot roll is perforated and easily tears off into 24" x 31 1/2" dry-erase sheets.

STICKS JUST ABOUT ANYWHERE

Anywhere Dry-Erase Sheets

are a convenient, innovative solution for quick note taking. These disposable sheets cling to the wall like a flipchart page, but can be written on with a dry-erase marker.

Auto Feed Shredding

It's productive - Take back your time with a hassle-free shredder. Just stack, shut, done and return to your busy day.

It's secure - Shred confidential data with micro-cut and cross-cut to ensure complete destruction of sensitive information.

It's automatic - Auto feed technology saves you valuable time.

Rollers automatically feed stacks of paper smoothly through the blades.

Jam Free Shredding

Keep things moving with a dependable office shredder. These shredders are ideal for use in a department or mid-size office and are powerful enough to keep up with frequent shredding needs. Features include continuous operation, Non-stop Jam Free technology, various cut types, and the ability to shred documents, credit cards and discs. Place a Swingline office shredder in your work space to keep all confidential information secure.

<http://www.swingline.com/ChoosingAShredder>

NO RISK

RISK OF JAMMING

With Non-stop Jam Free™ technology, shredders continuously check whether you're trying to feed too much paper. A green light indicates there is no risk of jamming and a red light indicates too much paper. No time wasted. No mess made.
