

 **Rexel**[®] THE **WORLD LEADER** IN AUTO FEED SHREDDING

The most
cost effective,
high security
shredding solution

The problem with shredding services

LOWER SECURITY

Confidential information leaves your building, often un-shredded.

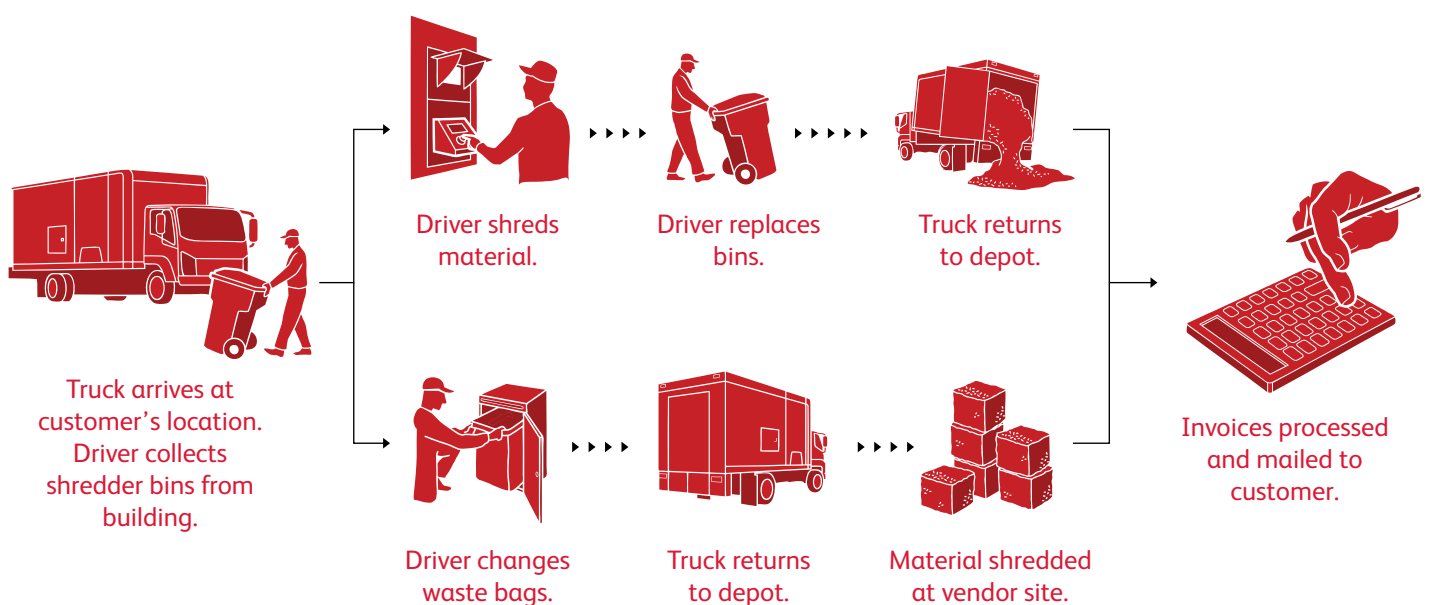

HIGH COST

A labour intensive process, which creates ongoing expenses and additional fees.

INCONVENIENT

Shredding vans on-site often block roads for hours.

Employee time spent monitoring the service provided.

The problem with **manual feed shredders**

TOO SLOW

An inefficient process of manually feeding paper sheets.

EXPENSIVE TO OPERATE

Employee time wasted on feeding paper and clearing shredder jams and malfunctions. Many traditional shredders don't include jam prevention technology.

ENERGY HUNGRY

Many traditional models don't have a power saving function.

Rexel Auto Feed is the only complete shredding solution

Patented technology lets you automatically stack and shred up to 750 sheets at a time

MOST COST EFFECTIVE

Up to 65 % less cost than using a shredding service and up to 90 % less cost than using a manual feed shredder.

LEAST TIME

Takes up to 98 % less time to operate than a traditional shredder, which can equate to 9 hours per person each year.

HIGHEST SECURITY

Instant peace of mind knowing that your confidential information is fully shredded immediately and on-site.

MINIMAL SUPERVISION

Skip the hassle of monitoring strangers on-site and trucks blocking roads and entrances.

ECO-CONSCIOUS

Shredded paper can be safely added to your office recycling. Energy saving features help reduce your impact on the environment.

AUTO FEED CHAMBER

Holds up to 750 sheets of A4 paper, as well as glossy or crumpled documents.

Automatic rollers feed stacks smoothly through blades.

STAPLE AND PAPER CLIP COMPATIBLE

Patented design reliably handles documents fastened with staples and paper clips, even in the auto feed chamber.

No other shredder has this technology

ULTIMATE JAM PROTECTION

Jam Free Technology prevents paper jams when manually feeding documents.

Interactive Jam Clearance technology guides the user through a simple jam clearance process.

PIN-LOCK SECURITY

A four digit custom PIN code ensures that only the original user can retrieve un-shredded documents.

How it works

STACK up to 750 sheets of paper into the auto feed chamber.
SHUT the lid. You're DONE! With automatic shredding, rollers will automatically feed the paper into the cutters, so you don't have to.

The powerful cutters can even shred documents that contain paper clips or staples. Credit cards, DVDs and CDs can all be shredded through a separate slot in the auto feed chamber.

STACK. SHUT DONE.

Automatically shreds up to 750 A4 sheets. The powerful cutters can shred documents, paper clips, staples, credit cards, DVDs and CDs.

MANUAL FEED

For small jobs of up to 12 sheets* a manual feed slot is included.

INTELLIGENT™ FEATURES

Intelligent™ SelfOil™, Intelligent™ Self-cleaning Cutters and eco-friendly power save features maximize the shredder's performance and life.

SECURITY

Lockable paper chamber with 4-digit programmable PIN code lock protects sensitive information during shredding.*

INTELLIGENT™ AUTO+ JAM CLEARANCE TECHNOLOGY

Responds automatically to the occasional jam in the auto feed chamber. Interactive Jam Clearance walks the user through how to clear a jam using the forward and reverse buttons when needed.

Caster wheels provide easy mobility.*

LARGE CAPACITY

A spacious 115 litre* waste bin holds up to 1350 shredded sheets. A viewing window and bin full indicator allow you to check if it needs to be emptied at a glance. Eco-friendly, recyclable paper and plastic waste bags are available.

* Sheet capacity of auto feed chamber and manual bypass slot varies by model. Waste chamber capacity varies by model. Programmable PIN code lock included on 300-, 500- and 750-sheet models. Caster wheels included on all models above 100 sheets.

Durable

Tested to shred over **THREE MILLION SHEETS**

Study performed using an Auto+ 750X shredder

1,000 pages a day × 365 days a year × for 9 years

Efficient and economical

Put your employees' time to more productive use with an affordable, in-house solution that brings the benefits of bulk shredding services to the table without the never-ending cost.

SAVE MONEY

Shredding on-site eliminates recurring expenses and fees associated with shredding services.

SAVE TIME

Automated feeding in bulk eliminates the repetitive manual time and constant supervision required with traditional shredders.

COST TO SHRED THREE MILLION SHEETS

Rexel®
Auto Feed Shredders

£2,665

£0.001 PER SHEET

Shredding services

£7,500

£0.003 PER SHEET

Traditional shredder

£23,900

£0.008 PER SHEET

Calculations based on 3 million sheets. Shredder costs include cost of bags and oil. Shredding services cost based on average of 4 case studies across different organizations. Labour hours for manual feed shredder based on Intertek test data for time to shred 500 sheets. Labour cost assumed at £15/hour (Average annual salary of £35,000). Assumed same purchase price for machine and supplies for Auto Feed and manual feed. Manual feed shredder may or may not last 3 million sheets depending on model.

Secure

Fewer steps in the process keeps confidential content close until it's securely disposed.

HIGH SECURITY

Shred confidential data on-site to ensure complete destruction of information. Level P-5 micro-cut shredding provides a higher level of security, cutting a page in to 2000 tiny pieces.

The PIN-lock feature provides additional assurance that your sensitive information is not left unattended or exposed to others.

Documents are shredded instantly without ever leaving your office.

No more strangers on site, wandering unsupervised through your office.

Additional benefits and considerations

MINIMAL SUPERVISION

Shred documents efficiently on your schedule without the interruption of shredding service personnel on-site, large vans blocking roads and time-consuming invoices to process.

ECO-CONSCIOUS

Shredding on-site utilising energy-saving processes and recyclable, eco-friendly materials improves your carbon footprint.

**“We insist upon
reliability, durability
and quality**

Therefore the Rexel Auto+ 500X shredder was an easy choice to keep our corporate offices in top form and prepared to handle anything the football season and off-season throws at us.”

| Brett Daniels, Senior Director of Corporate Communications, Dallas Cowboys

“A real workhorse

Had over 250 boxes left over from an old business that had to be shredded. This worked just as advertised as a “close and play” shredder. Stick in a stack of paper, close the lid, and it took off. Worked as good with the first stack as the last.”

★★★★★ | customer review

“It Rips, It Shreds, It's AMAZING!

The Rexel Auto Feed shredder is awesome!
We put a stack of 500 sheets inside the lid in about 15 minutes all the papers were gone.
There is nothing I can say bad about this shredder.
Great for any home or office.”
