

Shredder Guide 2014

Featuring the **New** Micro Cut addition to Rexel's range of award winning **new and improved** Auto Feed shredders

THE EUROPEAN
OFFICE PRODUCTS
AWARDS 2013
WINNER
Technology Product

High Performance | High Security | High Quality

STACK, SHUT, DONE

1 Where will the shredder be located and how many people will use it?

Personal/Executive
1-2 users

Small Office
Up to 10 users

Departmental
Up to 20 users

Large Office
20+ users

Wide Entry
20+ users

2 Which type of feed: Hands Free or Manual?

HANDS FREE

- STACK the sheets in the top of the shredder
- SHUT the lid
- DONE. Now get on with something else!

Manual

- Shreds up to a certain number of sheets at one time.

3 What security level should you have?

Basic Security

For day to day paperwork containing non-sensitive information.

Cuts 1 A4 sheet into
40 pieces

General Security

For day to day paperwork containing sensitive information.

Cuts 1 A4 sheet into
approx. 200 pieces

Confidential Security

For business documents containing proprietary information and/or sensitive personal information.

Cuts 1 A4 sheet into
approx. 400 pieces

High Security

For confidential business documents with ID, financial and strategic information.

Cuts 1 A4 sheet into
approx. 2,000 pieces

Ultra High Security

For very sensitive information. Financial, legal, military and proprietary information.

Cuts 1 A4 sheet into
approx. 6,000 pieces

Top Secret Security

For top secret government and military documents.

Cuts 1 A4 sheet into
approx. 15,600 pieces

4 Select paper feed capacity and bin size. A higher paper feed capacity means less time spent shredding. A larger bin allows more shredding before emptying the bin.

5 Other features/icons to look out for to help choose the best shredder include:

JAM FREE

JAM FREE SHREDDING:

Jam Free shredders continuously check whether you're trying to feed too much paper. A red light indicates too much paper and a green light indicates that there is no risk of jamming. No time wasted. No mess made.

ULTRA QUIET

Shredder designed to have ultra quiet operation, ideal for shared environments.

INTELLIGENT POWER SAVE

Shredder automatically switches off after a short time to conserve power consumption.

RECYCLING BAGS

Recyclable paper bags available for this product for the easiest way to empty and recycle your shredded paper.

SELF CLEANING

Cutters are self cleaning to remove loose pieces of paper and prevent paper jams.

CONTINUOUS OPERATION

Shredder can be used continuously; no cool down means no wasted time.

AUTO-OILING

Oils the cutting head automatically when required to provide better shred performance and a longer shredder life.

AUTO REVERSE

Returns paper that is too thick or too many sheets for shredder to accept.

LARGE BIN CAPACITY

Extra large bin for less emptying.

For warranty information please visit www.rexeurope.com

In addition, other useful features may include: shredding staples, paperclips, credit cards, and CDs.
