\$99.99

Schools, libraries, kiosks and other public spaces need the ultimate in iMac security. The Kensington SafeStand Keyed Locking Station delivers with our ultimate iMac lock. Bolt the SafeStand directly to a desk or table, then secure it to the iMac with the ingenious Kensington SafeDome. Not only does SafeStand complement the iMac's aesthetics, it preserves all screen adjustments and swivel functions. It is also available for a 21" iMac.

Features and Benefits

- Our highest level of physical security
- Nearly impenetrable ClickSafe lock head
- Bolts directly to desk or table for a permanent solution
- Easy to setup
- Manages cables while also securing a wired keyboard and mouse
- Won't interfere with screen adjustments or swivel
- Ideal security solution for education and public spaces
- Also available for a 21" iMac
