The Professionals' Choice™

Kensington®

Tablet Solutions for Teachers and Students

Don't lose a minute of valuable learning time because of broken or stolen tablets. Protect and secure your iPads, Chromebooks, or other devices with our innovative solutions.

Fact: 30% of iPad deployments in the US are in Education.*

The IT Professional's Choice for K-12 Education

We empower every K-12 teacher and student to achieve more through premium productivity and protection for electronic learning. From classroom deployment to bring-your-own-device requirements, Kensington is trusted as the #1 source for digital learning support by K-12 IT leaders nationwide.

Accidents Happen

Let's face it, kids will be kids. That's why we designed the Kensington BlackBelt 1st and 2nd Degree Rugged Case, which meets military-grade testing. It surrounds their tablet with a cushioned layer of rubber for great drop protection. Even with all this protection, the BlackBelt 1st and 2nd Degree Rugged Case provides access to all the tablet's ports, controls and cameras, and makes charging and syncing easy.

Fact: 5-10% of school iPads are damaged annually

Ready for Any Adventure

The iPad has changed the classroom, opening a whole new world of hands-on learning. But those tablets need protecting in case of accidental drops. Built for students in K-6 the SafeGrip Rugged Case wraps their iPad in tough, padded protection to child-proof the tablet from damage. A thick, sturdy handle is perfect for smaller hands and also functions as a two-position stand. The SafeGrip Rugged Case also features a built-in stylus holder and personalization window.

SafeGrip™

Keeping Tablets Safe, Charged and Synced

As more tablets are deployed into classrooms, providing a convenient and secure storage location is becoming a big need. Luckily, Kensington has the perfect answer with the Charge & Sync Cabinet, Universal Tablet. With space for up to **10 tablets** including iPads, Galaxy Tabs, Kindles and more, the cabinet is the perfect place to charge the tablets after everyone has gone home for the day so they're powered up and ready in the morning. Plus, with adjustable drawers, each bay can accommodate tablets in a protective rugged case. Stack up to three cabinets and you've got storage for up to **30 tablets** in one classroom. A tamper-resistant, retracting front door offers security with keyed access, and the included mounting plate or cable lock (sold separately) keeps the cabinet in place.

Fact: \$200,000 in iPads stolen from US schools in December 2012*

Power & Security for Multiple Mobile Devices

With more tablets, Chromebooks™, and 2-in-1 hybrids being deployed in classrooms, the need for a solution that can store, charge and secure those devices overnight is greater than ever. The AC12 Security Charging Cabinet features slide-out drawers that provide an easier check-in/check-out experience for teachers or administrators. The cabinet holds **12 devices** measuring up to 14”, and with the cabinet running on AC power, it can safely charge all **12 devices** simultaneously.
