

INTRODUCING  
**FUSION™**  
LAMINATORS

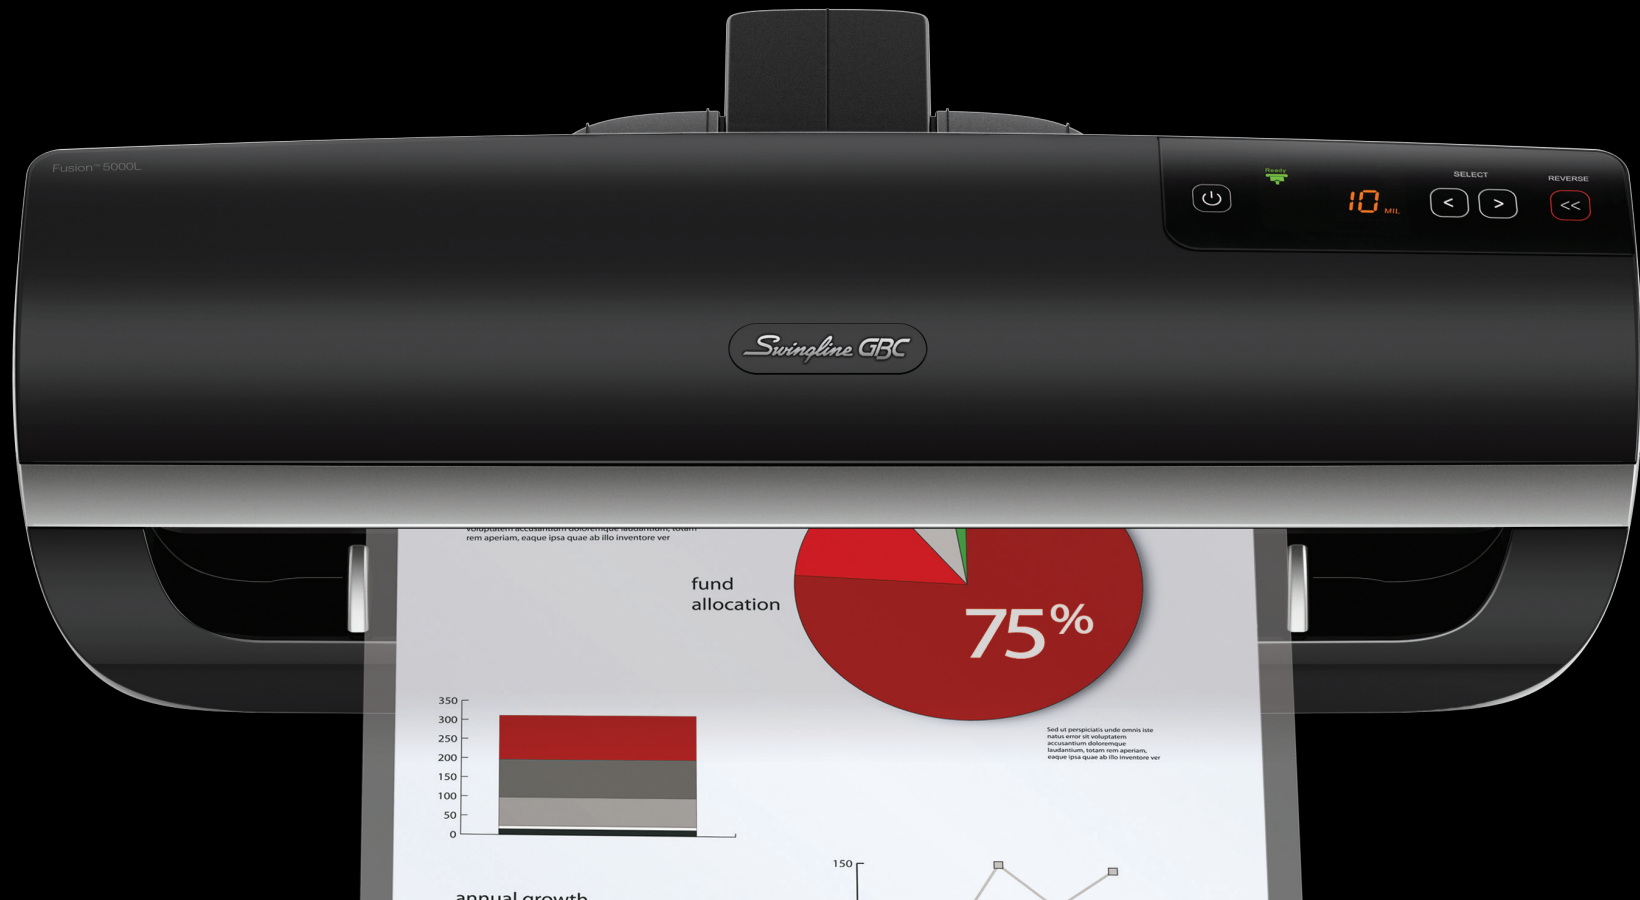

**WORLD'S #1** DOCUMENT LAMINATION BRAND

# Why Fusion™?

Time and again you asked for fast warm-up times, fast laminating speeds, and easier to use machines. Fusion combines what you want and what you need in lamination. From the ground up, Swingline™ GBC® created an all new lamination line. We streamlined our products and the lamination process, incorporating cutting-edge technology into a sleek, modern design. Delivering unmatched speed and simplicity, Fusion makes lamination **faster and easier than ever before.**

# Leading Productivity & Advanced Technology

**The Fusion™ 5000L and 5100L** are top of the line pouch laminating machines, designed to meet the demands of frequent laminating and to exceed your expectations in both speed and ease of use.

**Super Fast.** Performing at lightning fast speeds, these machines blow away the competition to laminate 10 documents in 4 minutes or less. Get more done in less time with the ability to start feeding a new pouch the instant another finishes.

**Super Easy.** These smart laminating machines automatically detect pouch thickness and instantly adjust to the optimal lamination settings for your document. This innovative technology ensures high quality, expert results every time.
