

# Catena Series

Moderate Production Laminators

Designed to encapsulate and mount prints from color printers and copiers, the Catena Series provides a simple way to finish your full-color digital output. These models feature heated rollers that can also run pressure-sensitive films for moderate laminating production.

### CATENA 35

This compact laminator is designed to provide safe and convenient lamination in offices and small print shops producing 8.5" x 11" prints.

### CATENA 65 & 105

When productivity and profit count the most, the Catena 65 and 105 meet the requirements of your more demanding jobs. These larger units are able to handle a wider variety of applications including standard poster-sized prints.
